Totals	81	72	79	60	69	80	54	495

Projected Enrollment for 2017-2018 as of 5-10-17 515

Middle school end of the year party (May 19th) from 6-8:30. 6th-grade field trip Wednesday, May 10 to see the renovated Capitol building and the science museum.

Brooke Krohn and Robin Eder have chosen the 18 WEB leaders for the 2017-2018 school year. WEB, an acronym for Where Everybody Belongs, is a middle school transition program that welcomes 6th graders and makes them feel comfortable throughout the first year of their middle school experience. Members of the 8th grade class are trained to act as positive role models, motivators, leaders and teachers who guide the 6th graders to discover what it takes to be successful in middle school. Schools have reported that WEB has helped reduce bullying and discipline issues, as well as increased student safety and connection for the whole school.

From Jordan Paula & Andy Filla: "Our Money Management and Careers class hosted a "Job Fair" in coordination with the 7th and 8th grade students on May, 10th. The MMC students researched a career and then created a tri-fold board with the information. The 7th grade students then came to the "Job Fair" with questions they needed to ask of the MMC students. Mr. Domeier is working on research in his classes so his students will take the information they received interviewing the MMC students and then fact-check it for accuracy.

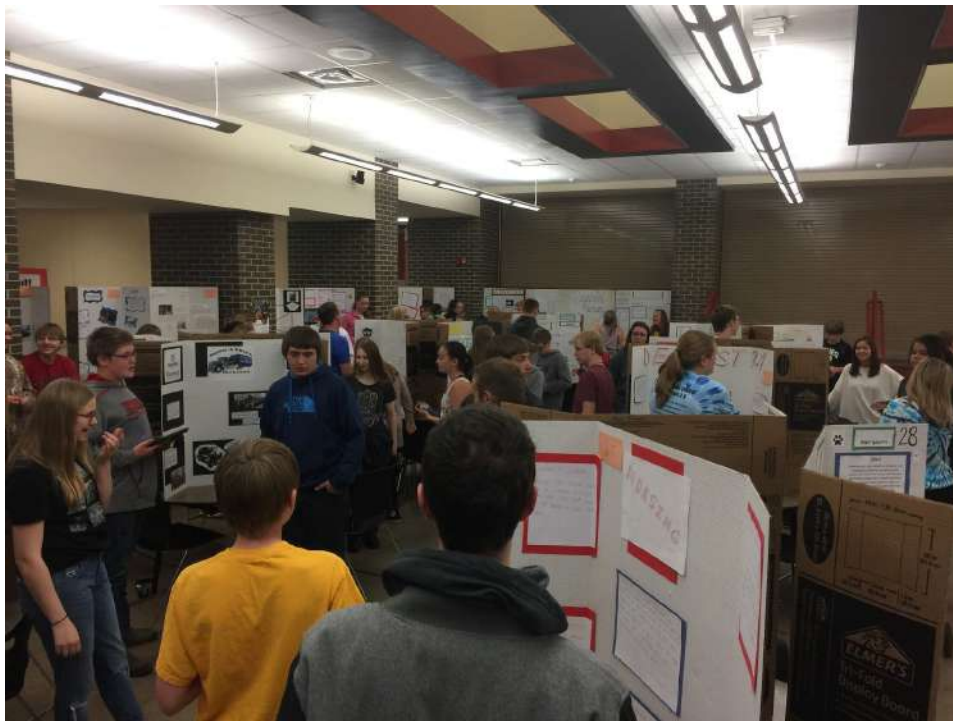

Next, the 8th graders came and interviewed two MMC students about their career research. All 8th grade students have had Exploratory class where we research various career clusters and the careers they'd be interested in pursuing. This will

Dale N. Carlson, Superintendent

David A. Bunn, High School Principal

Douglas A. Anderson, Elementary Principal

help them determine the classes they may need to take when they get to high school.

From Mr. Stoesz: "We are almost done with MCA's for the year!! (Friday is the last day.)"

From Mrs. Bently: "The seniors have a very full month which includes their "Service Day" on May 18, when they will visit the elementary school, receive their kindergarten time capsule, and interact with the elementary students. The annual "Awards Day" ceremony is the morning of May 24: they will find out about the many scholarships and awards which they have been working toward and applying for throughout the year. On May 31 they have their class trip to the Minnesota Zoo, followed by their last day of high school - ever - on June 2. That day will include some opportunities to reminisce and share, their class picnic, and practice for graduation. In addition to these many events during the school day, they are planning for their graduation receptions and celebrations.

The year's final edition of the Panther Press will appear in the May 18 issue of the NRHEG Star Eagle. The participants from the speech team, readers' theater performances and writers for the Panther Press will all receive recognition during the Awards Day ceremony: it should be an exciting morning."

From Mrs. Kormann: "The 2017 NRHEG Junior-Senior Prom was held on Saturday, May 6. The juniors chose "Mardi Gras Masquerade" for the theme, and the decorating was planned and carried out by Dan Nelson of Ellendale, the Junior Prom Committee, and volunteer parents. There were 130 NRHEG students and their guests who attended. They started out by visiting the Care Center to promenade for the residents and pick up their t-shirts and bus assignments. From there they came to the school for professional photographs by Hemingway Photography. The Grand March began at 4:30 p.m. followed by group pictures. The kids loaded four school buses and headed off to the Owatonna Country Club for a Pasta Buffet dinner and an evening of dancing. At 11:00 p.m. the buses were loaded for the return trip to the school for the After Prom Party. The After Prom Committee, which consists of a small group of junior and senior parents, planned and held fundraisers for the entire year leading up to the big night. Because of their fund-raising efforts, the kids were treated to a great evening!!

From Mr. Sorum: "The Natural Resource Science, Metals, and Ag Mechanics classes helped the food shelf install and fill their garden boxes. I took 14 kids to SCC for a Computer Integrated Machines workshop. The FFA had 2 kids in State FFA Band at the State FFA Convention. Also, Lacey Nelson finished 4th in the Dairy Handling contest and Aubrey Johnson got a gold rating for the Milk Quality contest."

From Mrs. Fredrickson & Mr. Bender: "Congratulations to the cast, crew, directors and all involved in the production of Annie Get Your Gun! Well done!

Congratulations to the Music Department on their fine spring concerts: Pops

(9-12), Junior High (6-8), and thanks to the concert choir for providing an afternoon of music to the residents at the NR Care Center!
