

RIVERSIDE LOCAL BOARD OF EDUCATION

Riverside High School

September 22, 2022

7:00 P.M. Regular Meeting

1. Opening Items

A. Call to Order at 7:00 p.m.

Notice of this meeting was given in accordance with the provisions of Bylaw 0164B of the Riverside Local Board of Education which was adopted in accordance with Section 1.450 of the O.R.C. and the Ohio Administrative Procedures Act.

The Bylaws of the Board of Education can be found here.

B. Roll Call: Krenisky, Hach, Fishel, Grassi, Harden

C. Pledge of Allegiance

D. Welcome

On behalf of the Board, I would like to welcome all students, staff, parents, and interested community members to tonight's Board of Education meeting. I would like to remind everyone that this is a meeting of the Board of Education held in public for the purpose of conducting the school district's business and is not to be considered a public community meeting. There is time for public comment during the meeting in the Public Participation section on the agenda.

3. **Special Reports** – Mrs. McIntyre presented options for Commencement. It could be held here, at Mentor Fine Arts Center or elsewhere. There is a significant price difference to have the Commencement ceremony here, as well as being dependent on the weather. There is also more space here and no need to limit the number of tickets each student is allowed. Dr. Kalis and the Board agree that they like the ceremony held here at Riverside Stadium.
4. **Old Business** – Mr. Fishel was asked at the August 25 Board meeting to provide proof of harmful material that is being taught. He provided examples including the book read to elementary students about transgenderism, a story that used a Spanish slang word and portrayed police officers in a negative light, and a worksheet that used the word “misogyny” and forms of it. He said we should not be pushing hatred. We should be teaching academics and how to work together. This material has been presented to administration and Dr. Mlakar has had conversations with the parents.
5. **New Business** – Mr. Hach brought up how to handle the review of the proposed changes to the OSBA legislative platform. Board members will review the changes on their own then discuss at the October meeting. There will be a separate consent agenda item so that line items can be pulled out if necessary. Feedback should be given to Dr. Kalis by October 21. Mrs. Krenisky brought up policy 0165.1, once the board agenda is published 48 hours prior to the meeting, nothing should be added or changed. Items can be added or changed at the table. This will be discussed at the next policy meeting. Mr. Fishel brought up our hiring policy. He feels the policy needs to be reviewed as it opens us up to liability if a person thinks they are hired then the Board does not approve the hire.
6. **Board of Education Committee and Liaison Reports**
 - A. Lori Krenisky – Superintendent’s Business Advisory Liaison – A Business Advisory meeting will be scheduled in October. Dr. Basich is working getting police and fire personnel to attend.
 - B. Scott Fishel – Curriculum and Programming Committee; Alumni Association Liaison – No Curriculum update. A meeting has been scheduled for October 4. The Alumni Association is holding a Golf Outing on September 24 and the Duck Race in October. Both of these are in conjunction with Harvey High School’s Alumni Association.
 - C. Tom Hach - Buildings & Grounds/Operations Committee; Legislative Liaison – The Buildings and Grounds Committee met on September 19. Two members of the RBI Club spoke about the condition of the baseball fields. The fields will be included in the conversation of improvements as a whole. A home run fence is going to be installed on the JV field. The boiler at LaMuth is still in process. There are issues with getting parts, but is still expected to be running before heat is needed. An employee was hired in the Maintenance Department with HVAC experience and a new custodian was hired for the Field House. Mr. Platko said there is an item on the agenda to approve a change order to replace water lines related to the boiler project. No Legislative update.
 - D. Jennifer Harden - Policy Committee; Booster Organization Liaison – No Policy update. RPTA is working on scheduling their first meeting.
7. **Superintendent’s Report** – Dr. Kalis responded to the content of teaching examples. In the case of reading the transgender book, his only disappointment was that it was not vetted for age-appropriateness first and that parents did not know the book was being read. With the amount of material being taught, it is impractical to know everything that is in every book or workbook. A teacher might find something they

want to bring in to class because it relates to what is being taught. He is not saying all material is appropriate, but we have to be careful about starting to ban material. The story about police officers was brought to our deputies and they were not offended by it. He understands there is no room for hate, but are we supposed to take books such as Huckleberry Finn, The Catcher in the Rye, and The Great Gatsby off the shelf? We are not going to make everyone happy with what we teach. Mrs. Krenisky said as a parent, a paper was sent home for the parent to choose what the students should read. If parents disagree with what is being taught, they should talk to the teacher, principal or superintendent. Dr. Kalis reviewed enrollment numbers broken down by class and school. There are currently 4,219 students enrolled in the district. The state report card was released on September 15. Dr. Kalis reviewed the district's results for each component. Parkside is the only elementary school in Lake County to receive five stars across the board. The Quality Profile has been published and will be mailed to every address in the district in early October. We are still working with the Sheriff's department to have a School Safety Officer in each elementary building. The Homecoming parade and pep rally will be held on September 29. The next Strategic Plan meeting will be held on September 27.

8. Treasurer's Report and Committee Update

- A. Belinda Grassi – Finance/Audit and Personnel Committee; Strategic Plan Liaison – The Finance/Audit and Personnel Committee met on September 15. They discussed the bus driver shortage and teachers and staff driving buses. They discussed the agenda items. Permanent appropriations are on the agenda for approval. We received a Federal Grant to purchase more buses. They talked about security personnel and the security vestibules. The financial audit has started. PTO and Support Organizations are on the agenda for approval. Mrs. Grassi congratulated former SRO Deputy Izzo on his promotion to Deputy Chief. No Strategic Plan update.
- B. Mr. Platko said that we received a \$15,000 HVAC grant. He applied for the additional \$50,000 per building for the school safety grant. The proposal for the owner's representative is on the agenda for approval. Buses will be purchased out of the American Rescue Plan grant. Seven special needs buses and two transit vans are out for bid.

9. Public Participation

- A. Public Comment – A high school and College Credit Plus English teacher spoke about the material referenced by Mr. Fishel. The story about the police officer is used in a unit on perspective. It helps teach perspective on how others are seen. It is narrated by a fourteen-year-old boy whose father had differences with law enforcement. She is married to a law enforcement officer and has never viewed this story in a discriminatory way. The word "misogyny" is used on a worksheet to teach Greek and Latin roots for vocabulary. It teaches students how to decipher meanings of words from the root. It builds competency in reading and comprehension skills.

A Painesville Township resident said he doesn't agree with a lot of what he hears at the Board meetings. He goes to school board meetings across the country and talks to all the Board associations and the Attorney General's office. He thanked Mr. Fishel for what he is doing on the board, and he was elected with more votes than anyone else. He thanked Mr. Fishel and Mr. Hach for voting against putting the levy on the ballot. He talked about the school rating system being changed four times in the last ten years. He said human resources is having trouble finding qualified people. He congratulated the staff and principal at Parkside for their results on the state report card. He does not feel taxpayers are getting their money's worth in the district and children

should be getting more. The literature being handed out is different now and should be reviewed. He feels the world has changed and not for the better. There should be transparency in the schools and people who don't follow the rules should be held accountable.

A parent with an eighth grader said that she has done her due diligence of what her son is reading. She looked up the authors of the stories he is reading and found that a lot of what they write about relates to Critical Race Theory (CRT) and they have been banned in other places. If there is no time to vet the stories, at least look at the authors. If they have been banned in other places, then they should not be in our schools either.

A Painesville Township resident said he has been coming to meetings for the last few months and has felt like there is bigotry, racism, and negative thoughts towards each other. People can't expect to like each other, but they can expect to be treated with respect. He is utterly shocked at how the meetings have gone over the last three months. He said misogyny is horrible and teachers should not be allowed to talk about it in the classroom. They need to teach more than basic math and English. Humanities, English, history and social studies are subjects that need to be taught as well. He said only 24% of the residents voted for the levy. He has never seen a fewer amount of people vote for a levy. He said everyone thinks it failed because it was a terrible levy, but he thinks it is because the Board is so divided and fighting with each other. He said the schools are all falling apart except for the two new buildings and we need more funding. He urges the Board to get on the same page and find something the community will buy into.

A Leroy Township resident thanked Dr. Kalis for writing a reference letter for his son. He congratulated Mr. St. Clair and his staff at Parkside. His son attended Parkside and he said he couldn't have been more prepared for the honors classes he has taken at LaMuth and Riverside Campus. He said former student AJ Tilk will be graduating from Basic Training on September 29 and will go to Virginia to learn helicopter mechanics. He said there is a student on the baseball team who is considering improving the baseball fields as his Eagle Scout project. He said he felt at the last Board meeting that teachers feel threatened by how parents feel about SEL and CRT. He is not against the teachers, but he is against SEL and CRT and their connection.

Discussion: Mrs. Krenisky wanted to be sure all Board members are on the same page for what is wanted from the owner's representative. Mr. Platko stated that the contract is an hourly rate, not to exceed. As a Board, they can come up with options to present to the community. NV5 would like to meet with each Board member individually to get their thoughts. Mr. Fishel is concerned that when we start to spend money and we don't know where we're going, the money is not being spent efficiently. Mrs. Krenisky said NV5 will help them pull their ideas together initially. Mr. Hach said the community needs to be engaged up front. Mrs. Grassi believes NV5 will lead them through the process to get something the Board and Administrators can agree on before involving the community. What is paramount is getting all five Board members on the same page: Mr. Platko said this the first phase. After this, we can change owner's reps or not have one, whatever we see fit. Mr. Fishel feels we are spending money for them to gather information we already have. Mrs. Krenisky verified with Mr. McIntyre that the scope can be changed.

- 14. Board of Education Update** – Mr. Hach mentioned the Riverside vs. Mentor football game and the score at the end of the first quarter was 6-0 in favor of Riverside. He brought this up because Riverside came in prepared for an opponent that is two times their size. Riverside outperformed Mentor in every way and that is a tribute to the coaches and players to be able to compete against a school that size. A few years ago, we had a traditional field, and we created an outstanding turf field. If we approach reimagining Riverside with the same attitude, we will have good results. Mrs. Krenisky walked around the Campus with Dr. Kalis. She said it was quiet and she talked with some of the students. Dr. Kalis said that Carol Grier, a tutor at Buckeye, passed away unexpectedly. He sends our condolences to her family.
