

Setting up Deltamath Student Account:

1. Go to deltamath.com and create a new student account

2. On the top right corner, click "Create Account", then choose the "Student" option from the drop down menu.
3. Enter the following teacher code: 149757

The screenshot shows the "Create Student Account" form. At the top, there is a title bar with the text "Create Student Account" and a close button (X). Below the title bar, there is a section for "Teacher Code:" with a text input field containing "149757". Below this, there is a section for "Teacher Name:" with the text "Ms. Chason". Below that, there is a section for "Student and Login Information:". This section contains a "Class:" label followed by a "Select" dropdown menu. Below the dropdown, there are two columns of input fields. The left column has fields for "First Name:", "Email:", and "Password:". The right column has fields for "Last Name:", "Email (verify):", and "Password (verify):". At the bottom right of the form, there are two buttons: a green "Create Account" button with a checkmark icon, and a white "Cancel" button.

4. Select the correct class, and enter the information. Use your scarsdaleschools.org email.
5. Your first assignment, Rational Exponents and Quadratic Inequalities, is up and due Thursday. It will not count as a grade, rather a typical homework. I hope you enjoy this.
