Show Off Your Inner Nerd

Your mission for this task is simple: show off your inner nerd.

We all have things we nerd out about. These are things we love and obsess about. Maybe you nerd out about soccer and the World Cup. You know everything about a certain player—their stats, their history, etc. Or maybe you nerd out about Star Wars, anime, Marvel comics, Playstation, skateboarding, make up, and more.

You need to choose one topic to nerd out about for 7 minutes. This means you will have seven minutes (yes, just seven minutes) to show off your knowledge on your chosen topic.

The student who writes the most and demonstrates an elite level of nerdiness wins. And if you claim that there is nothing you nerd out about, that's a lie. We all have an inner nerd.

So once again, choose one topic to nerd out about for 7 minutes. This means you will have seven minutes to show off your knowledge on your chosen topic.
