Step 1: Watch Introduction to Forecasting Video

Be sure to watch this video as it will give you important information about the forecasting process. Remember there will be no schedule changes allowed next year so choose your courses wisely.

Step 2: Use these resources to help you plan!

Consult the updated curriculum guide.

https://www.bend.k12.or.us/application/files/1416/1497/1165/2021-2022_SHS_Curriculum_Guide.pdf

Use the 12th grade worksheet to help you plan out your schedule. Be sure to save this so you can input your course selection into StudentVue. You will then turn this sheet in to your 3rd period teacher.

Step 3: Input your Course Selection into StudentVue

Watch this brief video that will show you how to input your course selection into StudentVue. This is an important step as it will make your course selection official.
