### School Improvement Monthly Updates

School John Hopkins

Principal Dr. Donald Black

Date March 19, 2018

The district meet monthly as area divisions or as the LEA to discuss updates, provide PICs, instructional support, and to provide guidance on how to better reach those ambitious goals as outline in our school action plan.

#### **2. Plans for providing Professional Development for Teachers (TAP 2, 5)**

**What professional development activities has your staff participated in or plan to participate in this month?** Currently, Suicide Prevention training took place for JPS employees, training on Frontline, a professional development tracking system and additional resources are provided to systemically and emphatically increase teacher capacity, best practice is provided by the LEA. After formative assessment #5 a fit meeting was held to determine target goals for every child and the framework for instructional focus was determined. Professional development is generally provided by consultants and given thru the LEA. These consultants provide feedback to the principal, teachers and the LEA. Ongoing professional development is provided at John Hopkins by the principal, District Specialist, and MDE Literacy Coach. To ensure that the faculty is fully engaged and comprehends to the level of full implementation, teacher observations will be done regularly with actionable and timely feedback, peer observation, one on one meetings with the principal, learning walks, self-reflection, and self- evaluations are ongoing after all P.D.'s and are being upload for accountability.

The District is providing concrete and specific evidence as to how professional development and evaluation is improving instruction and leadership practices. The District and school leadership is working collaboratively to provide professional development that is aligned to district curriculum and instructional goals, so improvements can be made. The School and District leadership will keep the Board informed.

#### **3. Update on Instruction/Assessment (TAP 5)**

**Discuss the results/progress that your students made from Benchmark 1 assessment to Benchmark 2 assessment.**

**Provide an analysis of student data – benchmark or interim assessment**

The Interim Assessment revealed some instructional gaps in the following areas: fractions for mathematics, main idea and drawing conclusions and reading for text based evidence. This information will provide direction for re-teaching and providing focused standard based instruction to allow deficiencies for student to be addressed prior to Spring Testing. After benchmark #2, ATI, has been fully administered, a fit meeting will be held and lead by the principal to review additional data that will be used to determine instructional focus prior to Spring Testing.

KOAT Formative Assessment:

5th grade math assessment data revealed that 52% struggled with Adding, subtracting and multiply Fractions

5.NFA.1, a priority standard and 46% of the students did not meet proficiency for standard 5.NFA.2, also a priority standard. The data reveals the need for re-teaching those particular standards for the students needing additional support and ample practice.

5th grade ELA data revealed that 52% of the students did not meet proficiency for standard RL 5.1, a priority standard, drawing conclusions and 39% of the students did not meet the expectation of proficiency for standard, RI 5.8, authors reading text and finding text based evidence.

4th Grade math assessment data revealed that standard 4NFB3, a priority standard, subtracting, and adding mixed fractions 38% of the students need additional support for subtracting, 48% additional support for adding mixed numbers, and 40% of the fourth grade population needed additional support with multiplication of fractions.

4th Grade ELA assessment data revealed that 42% of the student population needed additional support for drawing conclusion conclusions, standard 4.4, Reading Literature (RL), and 39% of the students did not meet the expectation of proficiency for standard 4.4, Reading Information (RI), also a priority standard.

3rd Grade KOAT data revealed that 44% of the students population had non-mastery for standard 3NFA.3b, a priority standard, 55% of the students yielded non-mastery of fractions on the number line, standard 3NFA 3a, a priority standard, and standard 3NFA3c revealed that 54% of the student population yielded non mastery of comparing fractions on the number line model.

3rd Grade data for the ELA assessment revealed that 50% of the student population did not meet the expectation of proficiency for context clues, standard RI 3.1, a priority standard, and 51 % of the student population did not meet the expectation of proficiency for standard (RI) 3.2 main idea, also a priority standard.

Math: 3 Grade math assessment data revealed 44% of the students yielded non-mastery of standard NFA.3b, fraction.

The LEA and school are using various sources of data to analyze and monitor benchmark data (STAR). Data walls and cards are viewed and revised monthly in the data room. Data meetings are held every Wednesday, FIT, to identify deficiencies relative to student performance or teacher capacity to cover the standard adequately. On-going professional development will be provided along with "TOOT,"

teachers observing other teachers, to grow professionally. Grade level and cross grade level meetings are held to determine best practices for approaching common core standards, build center activities for ELA, Math, Science, and Writing. Common planning will assist with differentiation of the standards at the varied levels of understanding for every child. Each meeting must include "SAM," sign-in sheets, agendas, and minutes. FIT documents will be completed bi-weekly, monthly, and quarterly to assess all data points.

The District has developed, communicates and presents all data in a manner that does not conceal, but illuminates the strengths and challenges of teachers and administrators alike.

#### 4. Culture and Climate (TAP 6)

**What has been done to promote a positive learning environment?** Presently, the LEA is hosting Saturday schools with highly qualified teachers to address instructional gaps for each division. Teachers, students, and administrators that are considered at risk or priority schools are attending to improve student achievement on standardized test. The school is presently hosting ram academy from 2:00-3:00 to provide additional support for students that are a part of the target groups of the promising 25% and our bubble children, students that are at readiness or close. Class-works is a software program being used for the Promising 25% to bridge the instructional gaps, moving students across the bands of 1a to 2b, etc. Odyssey-ware is an additional support for those students that are our bubble children to sustain growth and to bring those that are close to readiness in addition to face to face instruction. John Hopkins continues to improve culture and climate, the counselor helps to serve as behavior specialist to implement Tools for Life throughout the building to help students solve conflict on their own and decrease behavior problems. PBIS celebrations take place monthly within our building to celebrate pockets of excellence throughout our building. This event sets high expectations, creates friendly competition, and builds school morale, which ultimately impacts the culture and climate of the school. The areas of focus are: academics, positive behavior, attendance, growth and proficiency. PBIS, our positive, behavior, and instructional support program provides: fun Fridays, monthly celebrations, pictures displaying the students, staff or parent being honored, and put-ups on the intercom. The purpose of the celebrations is to create a climate and culture of high expectations, high student achievement and to create a cohesive environment where excellence is celebrated. To provide a safe and clean environment conducive for student learning drills are conducted monthly: intruder, civil, fire, and earthquake. Dangerous weather conditions, crisis intervention plans are in place and drills are practiced monthly. Maintenance meets regularly to ensure that expectations are

communicated and that the maintenance staff is supported.

Principals will provide evidence of the school's cultures and how each school's culture advances the learning and achievement of students and staff. A true learning community can be established at John Hopkins. The district provides support for teachers, administrators, and staff. The principal will have leadership and authority over all of the individuals in the school, including external partners, vendors, and others who wish to impact school programming.

#### **5. Family and Community Engagement Opportunities (TAP 7)**

**Provide specific examples of parent and community engagement activities.**

School, teacher and community engagement has made a complete turnaround and has been a great success. Remind, Class Dojo, Facebook, and Robo calls are platforms being used to effectively communicate with parents, community leaders, teachers, and stakeholders. Weekly newsletters and unified homework sheet with learning goals and daily behaviors are additional sources of communication to parents. Bring your Parent to school Day has been implemented on the last Monday of each month to equip parents with best practice strategies to assist their children at home with achievement goals. Doughnuts for Dads, Muffins for Moms, Community Brunch, Testing Tailgate, Fall and Spring festivals, Book fairs, and Room Mothers are additional opportunities to forge relationships that positively impact the rigor and relevance of instruction at John Hopkins Elementary. Room mothers will assist with state testing this year as hall monitors to cultivate a sense of relevance and importance for students. A strong PTA has been established at John Hopkins to help us prepare every scholar, every day for life.

The school will take every opportunity to welcome and engage all family members and family support individuals. Provide many more reasons for parents to come to the school building (rewards and recognitions) on a regular basis. Use parent input. The school will work with the business community to support time for parents to be in the schools with their children.

**Update on P16/Site Council and their engagement in the school improvement process.**

### School Improvement Monthly Updates

School John Hopkins Principal Dr. Donald Black Date March 19, 2018

The Site council has established a annual calendar for ongoing meetings on the last Thursday of every month that will provide accountability and to provide updates towards progress for achieving "C" status at John Hopkins Elementary.

#### 6. Staff and Student Attendance (TAP 5)

Student ADA 95%

Staff ADA 97%

#### 7. Summary of Services provided by external providers/progress made (TAP 8), if applicable.

Discuss the services that an external provider rendered and the progress made towards the school's goals. Be specific in discussing the data.

The District and school leadership will work collaboratively using the District's procurement process to recruit, screen, and select additional external providers for John Hopkins Elementary. Presently, Day Springs provide a one day after school program to our population weekly. Ram Academy tutoring program is given daily for the students to help increase state testing scores.

#### 8. Summary of newly allocated resources and impact on student outcomes (TAP 8), as applicable.

Discuss how you will use your current Title 1 funds to impact student outcomes for this year. Focus and Priority Schools, discuss how you are using your 1003a funds from the fall to impact student outcomes.

Describe any newly allocated resources since last report and the impact on student outcomes. Additional funding has been released to allow chrome books to be purchase, additional software, and testing materials in order to directly impact student achievement. State standardized assessments require that students type their performance task, highlight, use shift and cap lock when appropriate, use the mouse, access drop down boxes, and drag and drop. Therefore, it is imperative that our students are exposed to technology daily to diminish the possibility of technology becoming a barrier for student academic progress.

**What is the school's Action Plan to achieve the Projected Goals? Include how the School Leadership Team (SLT) and District Leadership Team (DLT) contributed to this Action Plan.**  
The SLT consists of the principal, interventionist, counselor, classified personnel member, and the team leader of each grade level. As the action plan was developed by the SLT, the following strategies were included based on data outcomes from 2016-2017 in an effort to meet our 2017-2018 goals:

- Utilization of Informational Text, Fluency Drills in ELA & Math
- Use of Classworks and Fast ForWord
- Monthly progress monitoring (STAR Reading & Math)
- Bell-to-bell instruction aligned to state standards and district pacing, supported through ongoing remediation and interventions
- All personnel resources assisting students to reach proficiency and growth. (Interventionist, Librarian, Music, EE, and Open Doors Teacher)
- Alternating schedules to ensure students receive morning instruction in both ELA and Math

The DLT supports the actions outlined by the action plan by:

- Conducting bi-weekly Content Area planning sessions for teachers
- Conducting Area FIT meetings and data review sessions

### School Improvement Monthly Updates

School Marshall Principal Mrs. Helen Young Date: March 18, 2018

- Analyzing data and readjusting our plan through FIT Meetings
- Tracking the standards for mastery
- Meeting with the students, parents and teachers (Holding everyone accountable with the Administrators being first)
- Evaluating teachers and providing immediate feedback, coaching opportunities and professional development.
- Hosting Community Chats with the parents in grades 3-5 (Feb.) to discuss the MAAP test and parenting tips.
- Using the extra hour daily for Power Hour Reading/Math/Science
- Providing interventions using Classworks for the Bottom 25% and other research-based activities

The school leadership team meets twice a month to discuss the implementation of our action plan and its effectiveness and evidence. The team consists of administrators, the counselor, interventionist, lead exceptional education teacher, and team leaders from grades K-5. We look at the "State of Marshall" (Data) and our outlook for the year. Our next meeting is scheduled for Monday, March 19, 2018. We also will look at the feedback that was given from our technical support person from MDE and discuss its findings and implications.

Our district leadership team meets monthly to discuss the same, the CAP, policies, and practices.

#### **2. Plans for providing Professional Development for Teachers (TAP 2, 5)**

Utilizing the FIT Process, the teachers and administrators discuss the students' progress on formative and Benchmark the teachers set goals and implement intense strategies in their lesson plans in order to meet the goals and improve the deficit areas. We noticed the following:

#### Formative Data

We compared the standards assessed on the formative data assessments to the standards assessed on the Questar Standards Analysis Report to determine the trends on the heavily weighted standards. We noticed that progress was being made on some standards but other standards needed re-teaching and strategic focus to ensure mastery.

#### 1<sup>st</sup> Benchmark Data

After analyzing the data, the team noticed areas of success and areas of improvement. No comparison could be made to Benchmark 2 data – The information is forth coming.

**Discuss the results/progress that your students made from Benchmark 1 assessment to Benchmark 2 assessment.**

We utilized our STAR data from BOY to MOY. Benchmark 2 data is forthcoming and will be provided at that time.

#### **AR Results**

Our AR word count has increased from 400,000 words per week to over 1 million words per week. Students are reading an average of over 600 books per week. Our comprehension level has increased from 68% to an average of 83% across all grades.

#### **STAR**

As the school year has progressed, we have seen many more students move across the grade bands in all grades. This is evident due to significant increases in our "At or Above" categories and decreases in our "On Watch" categories.

3<sup>rd</sup> grade Star data revealed in our "At or Above", there was a 34% increase from BOY to MOY in **reading** and a 27% increase from BOY to MOY in **math**.

Our "On Watch" percentage decreased 50% in **reading** and decreased 16% in **math** from BOY to MOY.

4<sup>th</sup> grade Star data revealed that in our "At or Above", there was a 1% increase from BOY to MOY in **reading** and a 23% increase from BOY to MOY in **math**.

Our "On Watch" percentage dropped 38% in **math** from BOY to MOY.

5<sup>th</sup> grade Star data revealed in our "At or Above", there was a 19% increase from BOY to MOY in **reading** and a 1% increase from BOY to MOY in **math**.

Discuss how you will use your current Title 1 funds to impact student outcomes for this year. Focus and Priority Schools, discuss how you are using your 1003a funds from the fall to impact student outcomes.

I will use my Title 1 funds to upgrade my current technology to enhance classroom instruction and increase interactive learning for students. According to research, students who learn by the use of computer-based instruction tend to learn more in less time, enjoy their classes more, and develop a more positive attitude when technology is incorporated into the classroom.

#### **4. Culture and Climate (TAP 6)**

**What has been done to promote a positive learning environment? (Discuss specific PBIS activities and/or community outreach)**

As a part of the school-wide morning announcements, there is an emphasis on the monthly core trait as well as Tools for Life suggestions for conflict resolutions. The morning announcements also include our TIGER Pledge which is based on beliefs for effective social skills. Recognition and shout-outs to staff and students are included on the morning and afternoon announcements. Tools for life has been embedded within the instructional day. Within each classroom, each teacher has established a Calm Down Corner for students who are having difficulty and need time for mediation and self-reflection. PBIS is utilized to communicate school-wide expectations. In addition, MTSS is used to ensure students with the needed interventions to replace the inappropriate behaviors. The counselor facilitates individual conferences with students to develop a behavior contract. These contracts are shared with parents, teachers, and administrators. In an effort to ensure holistic accountability of a safe and orderly learning environment, a school climate survey has been administered to the instructional staff. Furthermore, assembly programs are held to enhance morale and motivate staff and students to strive for enhanced educational opportunities. The school has also solicited support from PTA and community partners. Our PTA, community partners, and administrators provide recognition and incentives to staff and students throughout the year. In order to prepare for emergencies and crisis, the Crisis Intervention Plan has been thoroughly discussed during a PLC. Monthly drills are conducted so that staff and students are aware of the expectations during emergency situations.

#### **5. Family and Community Engagement Opportunities (TAP 7)**

**Provide specific examples of parent and community engagement activities.**

The school host a minimum of 5 PTA programs or forums at flexible times to inform parents of progress related to the goals among attendance, behavior, and course performance. Throughout the year, the school provides brochures and tip sheets to assist parents with alternative methods to enhance their child's education. In addition, conferences throughout the year with parents are held to discuss the progress of students. During these conferences, parents are provided with their child's work sample or portfolio. These conferences include IEP Meetings, MTSS Meetings, and Parent Teacher Conferences. Our parent receive progress reports and report cards throughout the year. Several community partners and volunteers actively engage within the educational endeavors of students serving as tutors, mentors, guest speakers, book buddies, and judges for events. Our parents are kept abreast of current events and vital information through the school's biweekly newsletters and grade level weekly newsletters. Periodically, the principal and assistant principal send Blackboard Message via

### School Improvement Monthly Updates

School Kirksey Middle School Principal Quita W. Breland Date March 20, 2018

**What is the school's Action Plan to achieve the Projected Goals? Include how the School Leadership Team (SLT) and District Leadership Team (DLT) contributed to this Action Plan.**

After reviewing our EOY STAR Data and MAAP data, the school leadership team created the following processes to ensure that the school was able to reach a successful accountability rating:

1. We added Independent Study courses that are utilized as intervention classes for students scoring a 2 and below on MAAP. Students attend these classes for 94 minutes instead of traditional electives. During these classes, students are taught by certified teachers and certified interventionists who focus on prerequisites skills for either ELA or math.  
There are a total of 166 students enrolled in these classes.
2. There are 119 students enrolled in ClassWorks for ELA or math.
3. All 6<sup>th</sup> graders attend a reading class, and 75% of them are enrolled in READ180.
4. All 6<sup>th</sup> graders receive math daily through the use of Compensatory Math class.
5. All students are required to complete two lessons per week in USATestPrep ELA and math.
6. All students enrolled in accelerated math classes also spend 94 minutes a week completing an online math course through Odysseyware.
7. Every Wednesday teachers provide Tier 2 instruction via pull-outs for 94 minutes during their instructional planning block.
8. Accelerated Reader has been heavily pushed this year. Students have been challenged to read 50 million words this school year.

### 2. Plans for providing Professional Development for Teachers (TAP 2, 5)

**What professional development activities has your staff participated in or plan to participate in this month? Discuss professional development opportunities provided by MDE, JPS, and/or at School-level or any other external opportunity.**

Teachers have received the following School-level Professional Developments:

1. Lesson Planning: Implementing the Components of Madeline Hunter Effectively
2. Engaging Students in Strategic Thinking: A Path to Strategic Reading
3. Standards of Mathematical Practices
4. Effectively Implementing Learning Stations to Enhance Instruction
5. Classroom Management
6. FIT and PLC meetings every third week.

Teachers have attended the following District-level Professional Developments:

## Jackson Public School District

### School Improvement Monthly Updates

**School** Kirksey Middle School **Principal** Quita W. Breland **Date** March 20, 2018

1. Job-Alikes focused on all four core subjects.
2. Tools for Life Literacy Training

#### 3. Update on Instruction/Assessment (TAP 5)

**Discuss the results/progress that your students made from Benchmark 1 assessment to Benchmark 2 assessment.**

Benchmark 1 and 2 Proficiency Results Compared:

GRADE	ELA		MATH		SCIENCE	
	BM1	BM2	BM1	BM2	BM1	BM2
6 <sup>TH</sup>	21%	56%	21%	21%		
7 <sup>TH</sup>	32%	13%	33%	29%		
8 <sup>TH</sup>	21%	28%	12%	21%	34%	50%
<b>Total</b>	<b>24.6%</b>	<b>32.3%</b>	<b>22%</b>	<b>23.6%</b>	<b>34%</b>	<b>50%</b>

We saw a drop in proficiency rates from BM1 to BM 2 in 7th grade in both ELA and math; however, we saw huge gains in 6<sup>th</sup> grade ELA, 8th grade math, and 8<sup>th</sup> grade science. Both test administrations show that we are still on track for reaching our goal of an overall proficiency of 25% in both ELA and math.

#### 4. Culture and Climate (TAP 6)

**What has been done to promote a positive learning environment? (Discuss specific PBIS activities and/or community outreach)**

We have monthly themed PBIS events. Our PBIS App assists the students and parents with keeping track of their points. We also have monthly Accelerated Reader parties for students that have reached their goals. Our students that complete weekly goals for online programs also get to participate in our weekly "Brain Break".

#### 5. Family and Community Engagement Opportunities (TAP 7)

**Provide specific examples of parent and community engagement activities.**

1. At every mid-term and report card mark teachers stay until 5:30 to allow parents an opportunity to come to the school, pick up these reports, and briefly conference with teachers.
2. We have monthly community chats involving our PTSA, parents, and adopters.
