What is 16th Section Land?

- ❑ Congress (1785) adopts U.S. Public Land Survey System (PLSS).
 - ❑ PLSS divides land into 6-mile-square **Townships**.
 - ❑ **Townships** are divided into 36 1-mile-square **Sections**.
 - ❑ **Sections** may be further subdivided into smaller parts (parcels, tracts, lots, etc).
- ❑ Congress (1803) designated each 16th Section in each township to support public schools.
- ❑ State of Mississippi (1978) transferred control to School Boards under the general supervision of the Secretary of State. MS Code Ann. 29-3-1
- ❑ Each Section = 640 acres
