#### **District Goals**

The pursuit of equitable student outcomes is at the center of our work. By focusing on equity, we elevate achievement for all student groups. We are committed to the creation of safe and welcoming schools, to culturally relevant, inclusive, and student-centered instruction, and to the development of leaders with the knowledge, will, and skill to interrupt systems of oppression. During the 2021-22 school year, addressing the unfinished learning and the wellbeing of students was central to our planning and our efforts.

#### **State Goals**

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.
