

SOCIAL STUDIES: WASHINGTON STATE HISTORY - 7TH GRADE

In seventh grade, the second part of the year asks students to bring their understanding to their world today as they examine Washington State from 1854 to the present. The study of Washington State includes an examination of the state constitution and key treaties. While these two contexts may be very different, the purpose of studying these different regions and eras is the same: to develop enduring understandings of the core concepts and ideas in civics, economics, geography, and history.
