## Attachment 1 – Sole Source Contract Filing Justification

### Specific Problem or Need

- *What is the business need or problem that requires this contract?*  
Disruptions in schooling due to the COVID-19 pandemic caused student and family trauma, lower academic achievement, and disengagement with school. This contract aims to develop creative solutions to re-engaging students and their families to school and academic learning through the theatre arts. Theatre arts are an undersubscribed discipline, with only 0.3% of high school students enrolled in theatre courses, with tremendous potential for significant educational impact including connecting with Social Emotional Learning and English Language Arts learning standards.

## Sole Source Criteria

- *Describe the unique features, qualifications, abilities or expertise of the contractor proposed for this sole source contract.*

Washington Thespians is a statewide theatre educator association with established relationships structures in place to support educator development. Their mission is shaping lives through theatre education by honoring student achievement in theatre and enriching their theatre education experience; supporting teachers by providing professional development, networking opportunities, resources, and recognition; and influencing public opinion that theatre education is essential and builds life skills. They are a state chapter of the national organization, Educational Theatre Association (EdTA), a national nonprofit organization with approximately 90,000 student and professional members. The affiliation with EdTA will provide access to professional learning and the many educational materials and resources that they have developed for the field which will be a key support to this project.

This is a long standing organization, with theatre content expertise, statewide reach, and fiscal stability. The co-directors of Washington State Thespians have 60 years in education combined, with one being a current high school English and Theatre teacher, and the other being a recent retiree.

- *What kind of market research did the agency conduct to conclude that alternative sources were inappropriate or unavailable? Provide a narrative description of the agency's due diligence in determining the basis for the sole source contract, including methods used by the agency to conduct a review of available sources such as researching trade publications, industry newsletters and the internet; contacting similar service providers; and reviewing statewide pricing trends and/or agreements. Include a list of businesses contacted (if you state that no other businesses were contacted, explain why not), date of contact, method of contact (telephone, mail, e-mail, other), and documentation demonstrating an explanation of why those businesses could not or would not, under any circumstances, perform the contract; or an explanation of why the agency has determined that no businesses other than the prospective contractor can perform the contract.*

OSPI first considered whether this work could be done by internal agency staff or an external state agency. OSPI has only one staff member responsible for arts education content including dance, media, music, theatre, visual arts, and therefore does not have internal capacity to implement the scope of this contract. Similarly, the Washington State Arts Commission (ArtsWA) has limited arts in education staffing and does not have capacity to implement the scope of this contract.

Washington State Thespians is the only statewide organization that is dedicated to K-12 theatre education that involves both educators and students. Other theatre companies/organizations may have educational outreach, but don't have the teaching, learning, and curriculum expertise to successfully fulfill this contract. Educational

organizations may have pedagogical expertise, but don't have deep experience in the theatre arts. Therefore, OSPI has determined this organization is uniquely positioned in both theatre arts and education and best poised to fulfill this contract.

- *What considerations were given to providing opportunities in this contract for small business, including but not limited to unbundling the goods and/or services acquired.*

This contract calls for specific yet coordinated services related to professional learning, theatre education, and educator collaboration that cannot be unbundled to fulfill the project goals. WA Thespians is a long-standing professional organization for educators and theatre arts professionals providing unparalleled support and resources.

- *Provide a detailed and compelling description that includes quantification of the costs and risks mitigated by contracting with this contractor (i.e. learning curve, follow-up nature).*

Washington State Thespians has established relationships with theatre educators across the state. As a state chapter of the Educational Theatre Association (EdTA), a national nonprofit organization dedicated to shaping lives through theatre education, Washington State Thespians will have access to additional resources and expertise. This project will leverage Washington State Thespians' existing professional learning opportunities, significantly lowering the costs of rich, in-depth, in-person professional development sessions. With its connection to educators, content and curriculum resources, this will enable Washington State Thespians to complete this work within a six-month timeframe. A contractor without these established relationships and access would add an estimated three to six months of additional time (at an additional cost of approximately \$5,000-10,000).

- *Is the agency proposing this sole source contract because of special circumstances such as confidential investigations, copyright restrictions, etc.? If so, please describe.*

No.

- *Is the agency proposing this sole source contract because of unavoidable, critical time delays or issues that prevented the agency from completing this acquisition using a competitive process? If so, please describe. For example, if time constraints are applicable, identify when the agency was on notice of the need for the goods and/or service, the entity that imposed the constraints, explain the authority of that entity to impose them, and provide the timelines within which work must be accomplished.*

No.

- *Is the agency proposing this sole source contract because of a geographic limitation? If the proposed contractor is the only source available in the geographical area, state the basis for this conclusion and the rationale for limiting the size of the geographical area selected.*

No.

- *What are the consequences of not having this sole source filing approved? Describe in detail the impact to the agency and to services it provides if this sole source filing is not approved.*

Contracting with Washington State Thespians will allow for teacher collaboration and agency to work with educators across K-12 to engage students in the theatre arts. Without engagement from this group, the pathways will not be established effectively in the time we have to expend our funding. As a result, there will be a missed opportunity to bring the theatre arts to elementary and middle schools. Elementary and middle school students will have limited experience (if any) in theatre arts, and enrollment in high school theatre courses will continue to lag at 0.3% (2019). At this time, students, families, and communities need positive and creative reasons to actively re-engage with learning and schools - addressing multiple learning modalities, theatre can provide this combining academic learning while also incorporating social emotional learning.

## Reasonableness of Cost

- *Since competition was not used as the means for procurement, how did the agency conclude that the costs, fees, or rates negotiated are fair and reasonable? Please make a comparison with comparable contracts, use the results of a market survey, or employ some other appropriate means calculated to make such a determination.*

OSPI compared this proposed project to the agency's annual contract for a Voices from the Field Arts Academy (a Migrant Education project) which has a comparable number of districts involved with a similar professional learning focus. This proposed theatre project will likely engage as many if not more educators, but comes in at about one sixth of the cost due in part to it being a 6-month contract versus a yearlong contract.

**17. Duplicate Payment.** The Superintendent shall not pay the Contractor, if the Contractor has charged or will charge the state of Washington or any other party under any other contract or agreement, for the same services or expenses.

**18. Electronic signature.** Any signature page delivered via fax machine or electronic image scan, receipt acknowledged in each case, shall be binding to the same extent as an original, wet ink signature page. Any Party who delivers such a signature page agrees to later deliver an original counterpart to any Party which requests it.

**19. Entire Agreement.** This Contract contains all the terms and conditions agreed upon by the parties. No other understandings, oral or otherwise, regarding the subject matter of this Contract shall be deemed to exist or to bind any of the parties hereto.

**20. Ethical Conduct.** Neither the Contractor nor any employee or agent of the Contractor shall participate in the performance of any duty or service in whole or part under this Contract in violation of, or in a manner that violates any provision of the Ethics in Public Service law at Chapter 42.52 RCW, RCW 42.17A.550, RCW 42.17A.555, and 41.06.250 prohibiting the use of public resources for political purposes.

Contractor's obligation to indemnify, defend and hold harmless includes any claim by Contractor's agents, employees, representatives, or any subcontractor or its employees.

Contractor expressly agrees to indemnify, defend, and hold harmless the Superintendent for any and all claims, costs, charges, penalties, demands, losses, liabilities, damages, judgments, or fines out of or incident to Contractor's or subcontractor's performance or failure to perform the Contract. Contractor's obligation to indemnify, defend, or hold harmless the Superintendent shall not be eliminated or reduced by any actual or alleged concurrent negligence by Superintendent or its agents, employees, or officials.

Contractor waives its immunity under Title 51 RCW to the extent it is required to indemnify, defend and hold harmless Superintendent and its agents, employees, or officials.

**23. Independent Capacity of the Contractor.** The parties intend that an independent Contractor relationship will be created by this Contract. The Contractor and his/her employees or agents performing under this Contract are not employees or agents of the Superintendent. The Contractor will not hold himself/herself out as nor claim to be an officer or employee of the Superintendent or of the state of Washington by reason hereof, nor will the Contractor make any claim or right, privilege, or benefit which would accrue to such employee under law. Conduct and control of the work will be solely with the Contractor.

**24. Insurance.**

- a. **Worker's Compensation Coverage.** The Contractor shall at all times comply with all applicable worker's compensation, occupational disease, and occupational health and safety laws, statutes, and regulations to the fullest extent applicable. This requirement includes the purchase of industrial insurance coverage for the Contractor's employees, as may now hereafter be required of an "employer" as defined in Title 51 RCW. Such worker's compensation and occupational disease requirements shall include coverage for all employees of the Contractor, and for all employees of any subcontract retained by the Contractor, suffering bodily injury (including death) by accident or disease, which arises

out of or in connection with the performance of this Contract. Satisfaction of these requirements shall include, but shall not be limited to:

- 1) Full participation in any required governmental occupational injury and/or disease insurance program, to the extent participation in such a program is mandatory in any jurisdiction;
- 2) Purchase worker's compensation and occupational disease insurance benefits to employees in full compliance with all applicable laws, statutes, and regulations, but only to the extent such coverage is not provided under mandatory governmental program in "a" above, and/or;
- 3) Maintenance of a legally permitted and governmentally approved program of self-insurance for worker's compensation and occupational disease.

Except to the extent prohibited by law, the program of the Contractor's compliance with worker's compensation and occupational disease laws, statutes, and regulations in 1), 2), and 3) above shall provide for a full waiver of rights of subrogation against the Superintendent, its directors, officers, and employees.

If the Contractor, or any subcontractor retained by the Contractor, fails to effect and maintain a program of compliance with applicable worker's compensation and occupational disease laws, statutes, and regulations and the Superintendent incurs fines or is required by law to provide benefits to such employees, to obtain coverage for such employees, the Contractor will indemnify the Superintendent for such fines, payment of benefits to Contractor or subcontractor employees or their heirs or legal representatives, and/or the cost of effecting coverage on behalf of such employees. Any amount owed the Superintendent by the Contractor pursuant to the indemnity may be deducted from any payments owed by the Superintendent to the Contractor for the performance of this Contract.

- b. **Automobile Insurance.** In the event that services delivered pursuant to this Contract involve the use of vehicles, owned or operated by the Contractor, automobile liability insurance shall be required. The minimum limit for automobile liability is:

\$1,000,000 per accident or occurrence, using a Combined Single Limit for bodily injury and property damage.

- c. **Business Automobile Insurance.** In the event that services performed under this Contract involve the use of vehicles or the transportation of clients, automobile liability insurance shall be required. If Contractor-owned personal vehicles are used, a Business Automobile policy covering a minimum Code 2 "owned autos only" must be secured. If the Contractor's employees' vehicles are used, the Contractor must also include under the Business Automobile policy Code 9, coverage for "non-owned autos." The minimum limits for automobile liability is:

\$1,000,000 per accident or occurrence, using a Combined Single Limit for bodily injury and property damage.

- d. **Public Liability Insurance/General Liability.** The Contractor shall at all times during the term of this Contract, at its cost and expense, carry and maintain general public liability

insurance, including contractual liability, against claims for bodily injury, personal injury, death, or property damage occurring or arising out of services provided under this Contract. This insurance shall cover such claims as may be caused by any act, omission, or negligence of the Contractor or its officers, agents, representatives, assigns or servants. The limits of liability insurance, which may be increased from time to time as deemed necessary by the Superintendent, with the approval of the Contractor (which shall not be unreasonably withheld), shall not be less than as follows:

Each Occurrence	\$1,000,000
General Aggregate Limits (other than products-completed operations)	\$2,000,000
Products-Completed Operations Limit	\$2,000,000
Personal and Advertising Injury Limit	\$1,000,000
Fire Damage Limit (any one fire)	\$ 50,000
Medical Expense Limit (any one person)	\$ 5,000

- e. **Additional Insured.** The State of Washington, Office of Superintendent of Public Instruction, shall be specifically named as an additional insured on all policies except for liability insurance on privately-owned vehicles, and all policies shall be primary to any other valid and collectible insurance. The Superintendent may waive this requirement at its discretion. Policies and certificates of insurance shall include the contract reference number.
- f. **Proof of Insurance.** Certificates and or evidence satisfactory to the Superintendent confirming the existence, terms and conditions of all insurance required above shall be delivered to the Superintendent within five (5) days of the Contractor's receipt of Authorization to Proceed.
- g. **General Insurance Requirements.** Contractor shall, at all times during the term of the Contract and at its cost and expense, buy and maintain insurance of the types and amounts listed above. Failure to buy and maintain the required insurance may result in the termination of the Contract at the Superintendent's option. By requiring insurance herein, Superintendent does not represent that coverage and limits will be adequate to protect Contractor and such coverage and limits shall not limit Contractor's liability under the indemnities and reimbursements granted to the Superintendent in this Contract.

Contractor shall include all subcontractors as insureds under all required insurance policies, or shall furnish proof of insurance and endorsements for each subcontractor. Subcontractor(s) must comply fully with all insurance requirements stated herein. Failure of subcontractor(s) to comply with insurance requirements does not limit Contractor's liability or responsibility.

**25. Licensing and Accreditation Standards.** The Contractor shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements/standards, necessary to the performance of this Contract.

**26. Limitation of Authority.** Only the Superintendent or the Superintendent's delegate by writing (delegation to be made prior to action) shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clause or condition of this Contract. Furthermore, any alteration, amendment, modification, or waiver or any clause or condition of this Contract is not effective or binding unless made in writing and signed by the Superintendent.

**27. Non-Discrimination.** The Contractor shall comply with all the federal and state non-discrimination laws, regulations and policies, which are otherwise applicable to the Superintendent. Accordingly, no person shall, on the ground of sex, race, creed, religion, color, national origin, marital status, families with children, age, veteran or military status, sexual orientation, gender expression, gender identity, disability, or the use of a trained dog guide or service animal, be unlawfully excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any activity performed by the Contractor and its agents under this Contract. The Contractor shall notify the Superintendent immediately of any allegations, claims, disputes, or challenges made against it under non-discrimination laws, regulations, or policies, or under the Americans with Disabilities Act. In the event of the Contractor's noncompliance or refusal to comply with this nondiscrimination provision, this Contract may be rescinded, cancelled or terminated in whole or part, and the Contractor may be declared ineligible for further contracts with the Superintendent.

**28. Overpayments.** Contractor shall refund to Superintendent the full amount of any overpayment under this Contract within thirty (30) calendar days of written notice. If Contractor fails to make a prompt refund, Superintendent may charge Contractor one percent (1%) per month on the amount due until paid in full.

**29. Payments.** No payments in advance or in anticipation of services or supplies to be provided under this Contract shall be made by the Superintendent. All payments to the Contractor are conditioned upon (1) Contractor's submission of a properly executed and supported voucher for payment, including such supporting documentation of performance and supporting documentation of costs incurred or paid, or both as is otherwise provided for in the body of this Contract under Duties of the Superintendent, and (2) Acceptance and certification by the Superintendent or designee of satisfactory performance by the Contractor.

Except as otherwise provided in this Contract, (1) All approvable vouchers for payment due to the Contractor shall be paid within thirty (30) calendar days of their submission by the Contractor and acceptance and certification by the Superintendent or designee, and (2) All expenses necessary to the Contractor's performance of this Contract not specifically mentioned in the Contract shall be borne in full by the Contractor.

**30. Public Disclosure.** Contractor acknowledges that the Superintendent is subject to the Washington State Public Records Act, Chapter 42.56 RCW, and that this Contract shall be a public record as defined in RCW 42.56. Any specific information that is claimed by the Contractor to be confidential or proprietary must be clearly identified as such by the Contractor. To the extent consistent with chapter 42.56 RCW, the Superintendent shall maintain the confidentiality of all such information marked confidential or proprietary. If a request is made to view the Contractor's information, the Superintendent will notify the Contractor of the request and the date that such records will be released to the requester unless Contractor obtains a court order enjoining that disclosure. If the Contractor fails to obtain the court order enjoining disclosure, the Superintendent will release the requested information on the date specified.

**31. Publicity.** The Contractor agrees to submit to the Superintendent all advertising and publicity matters relating to this Contract which in the Superintendent's judgment, Superintendent's name can be implied or is specifically mentioned. The Contractor agrees not to publish or use such advertising and publicity matters without the prior written consent of the Superintendent.
