## Learning Recovery & Extended Learning Plan

District Name:	Switzerland of Ohio Local School District
District Address:	304 Mill Street Woodsfield, Ohio 43793
District Contact:	Rob Caldwell
District IRN:	048652

On February 9, 2021, Governor DeWine asked schools and districts to work with their communities and educational stakeholders to help students continue to advance academically and to make up for any learning that may have been lost or delayed due to the coronavirus pandemic and related disruptions.

**“This once-in-a-lifetime pandemic has impacted all of us, so it should be no surprise that it has impacted our children. But we should not panic, nor should we be surprised by the results of assessments,” said Governor DeWine. “Instead, we should do what Ohioans have always done when facing a challenge – stay calm, roll up our sleeves, and work to solve the problem.”**

Governor DeWine has requested that schools and districts design plans that address learning recovery and extended learning opportunities to meet the needs of students that could include, but are not limited to, extending the current school year, beginning the new year early, extending the school day or instituting summer programs, tutoring, remote options, and other remedial or supplemental activities.

Plans should address, but are not limited to, the following key components:

- **Impacted Students:** How will schools and districts identify which students have been most impacted by the pandemic in terms of their learning progress (with a focus on the most vulnerable student populations)?
- **Needs Assessment:** How will schools and districts identify the needs of those students?
- **Resources and Budget:** What resources are available to address those needs? Generally, what is the budget for the plan?
- **Approaches:** What approaches can best be deployed to address those needs? (This may include approaches such as ending the school year later than scheduled, beginning the new year early, extending the school day, summer programs, tutoring, and remote options.)
- **Partnerships:** Which local and regional partners (such as Educational Service Centers, Information Technology Centers, libraries, museums, after-school programs, or civic organizations) can schools and districts engage in supporting student needs?
- **Alignment:** How can this plan reinforce and align to other district or school plans? This may include but is not limited to Student Wellness and Success Fund plans, remote learning plans, improvement plans, CCIP-related plans, graduation plans.

Each district or school should consider its unique needs and issues and prepare its plan in a way that responds appropriately and leverages the assets of its unique partners including their Educational Service Center and other regional and community-based partners. Each district or school should consider a wide range of representation and voices from

district and community stakeholders in planning for learning recovery and extended learning opportunities.

The governor asked schools and districts to provide their plans to the public and General Assembly no later than April 1.

**This template has been designed to assist districts in meeting and exceeding this requirement and in supporting their long-term instructional planning efforts.** Please refer to the [Planning Support Document](#) at the end of this template for guiding questions and resources.

Spring 2021	SOLSD will utilize the OIP five step process. Steps one through 3 will occur in late winter and early spring. SOLSD will utilize existing resources such as IXL, Lexia, Really Great Reading, STAR, State Testing Data and other data sources. Reports will be composed in Illuminate to determine learning gaps and to enable targeted interventions where needed. SOLSD will need to provide a venue for the extended learning needs. Planning will commence in late February and develop the framework for "Camp Swiss". Needed resources will include instructors, teaching materials, facility usage,	Local Funds ESSER I&II

	transportation, meals, administrative supervisors. Student identification and notification will be sent to parents informing them of their child's academic performance level and inviting them to participate in Camp Swiss.	
<b>Summer 2021</b>	Step 4 of the OIP will occur June through August. Students will have the opportunity to attend Camp Swiss four days a week on 6 of our campus schools relative to their attendance area. All high school aged students will attend the Swiss Hills campus and hours adjusted to their specific program needs. Data collected in late spring will be used to support academic program decisions. Learning gaps will be addressed.	Local Funds ESSER I&II
<b>2021 - 2022</b>	Step 5 of the OIP will occur in early September to examine, reflect and adjust the program for next year. Reading Specialists will continue to monitor progress and help remediate areas of academic deficiencies noted in the data collected from the summer program. Fall data will be collected as well and adjustments will be made for academic remediation/support throughout the school year utilizing pull out and in class supports.	Local Funds ESSER II
<b>2022 - 2023</b>	Year two of the program will mirror the first year with adjustments made utilizing positives and negatives learned from year one.	Local Funds ESSER II

### Approaches to Address Academic Gap Filling

#### Approaches & Removing/Overcoming Barriers

*What approaches will schools/districts use to fill learning needs identified above?*  
*What steps will be taken to remove/overcome barriers that may be associated with the "Gap Filling Approaches" (transportation to tutoring, no data to track/identify specific student needs, funding concerns to support approaches, etc.)?*

#### Considerations:

- **Resources** (Existing and Needed)
- **Partnerships** (Local/Regional, ESC, ITC, libraries, museums, after-school programs, civic organizations, etc.)
- **Alignment** (Other District/School Plans, Wellness and Success plans, remote learning plans, improvement plans, CCIP-related plans, graduation plans, student success plans, etc.)
  - Alignment with current OIP five-step processes (1-Identify Critical Needs, 2-Research and Select Evidence-Based Strategies, 3-Plan for Implementation, 4-Implement and Monitor, 5-Examine, Reflect, Adjust)
- **Core Questions to Consider:**
  - What do students need to know?
  - How do we know if they've learned it?
  - How do we intervene for those students who have not learned it?
  - How do extend other opportunities for those who have learned it?

#### Budget

#### Spring 2021

SOLSD and the Program Manager will begin the coordination of transportation, securing facilities, lunches, personnel, data collection, student invitations, advertisement and other related services/items. Step1-3 in the OIP process. Funding through the ESSER grant will be utilized to fund the program for the summer of 2021 and 2022.

#### Summer 2021

Step 4 in the OIP process. Implement and monitor our Camp Swiss summer program. Academic needs through Data analysis will be addressed during the summer program. The Program Manager will work with the Chief Academic Officer to identify programming. This information will be passed down to the Head Teacher in each building who will ensure implementation. Data will be collected at the end of the summer program through diagnostic testing to determine effectiveness of the program and to identify areas of improvement

## Learning Recovery & Extended Learning Plan

As stated by ODE, this is not a one-size-fits-all exercise. Each district or school should consider its unique needs and issues and prepare its plan in a way that responds appropriately and leverages the assets of its unique partners. The template above has been designed to be as adaptable as possible given the wide range of district experiences and needs. The pages below in the Planning Support Document are designed to assist districts as they think through the nuances that may be significant to their respective district. Educational Service Centers are here to support. Some schools and districts may choose to have similar plans to facilitate effective implementation. ESCs may be able to provide coordination for such collaborative approaches. The following planning support document is provided to assist teams in thinking through the planning process. Additionally, rather than an exhaustive list of resources that quickly becomes overwhelming and outdated, a few key elements have been provided to assist in planning. Districts may also want to consult ODE's [Reset and Restart](#) website and planning guide. Additional planning resources are also available at <http://reframingeducation.org/>. This decision-making framework was developed by Ohio's network of ESCs to assist districts in having authentic conversations about instructional expectations and making plans to reframe education moving forward; we encourage districts to reach out to their ESCs for additional support as needed.

<b>Determining Academic Needs</b>	<p>How will <b>instructional needs</b> be <b>determined</b>?</p> <p>Possible/Optional item(s) to consider:</p> <ul style="list-style-type: none"><li>• Performance on tests (e.g., district assessments, statewide tests, ACTs, etc.); (Districts will not have statewide achievement data until after the end of the school year and may need to identify assessment tools to identify gaps.)</li><li>• How will districts determine impacted/vulnerable populations?</li><li>• How will districts/schools combat barriers for disengaged students?</li><li>• What opportunities were missed due to the inability to access programming? Can any of these opportunities be reinstated in the summer or next school year? (Districts are encouraged to consider this question through an equity lens for student populations-- Students with Disabilities, English Language Learners, Gifted Students, All Learners, etc.)</li><li>• Access to key opportunities (e.g., advanced mathematics, physics, higher education, interventions, etc.) may have been lost due to the pandemic.</li><li>• Attainment (e.g., high school diploma, college degree, employment)</li><li>• What essential elements of determining instructional needs are already in place?</li><li>• District MTSS Process and Universal Screeners</li><li>• Use of/Alignment with the OIP/DLT/BLT/TBT process to determine; What do students need to know?
