

Ms. Hunt: “ I’ve had the pleasure of teaching **Karenna Trauger** for both semesters of Modern World History this year. She is accountable, diligent, and motivated in the classroom. Karenna is helpful to her classmates and willing to go above and beyond during group work. Her quiet leadership is much appreciated and will allow her great success in the future!”

Karenna: “I really enjoy having Mrs. Hunt for modern world history this year because she makes learning the material really fun and easy. We do a lot of interactive work with partners which makes class a lot of fun because you get to interact with lots of different people. She is really friendly and very helpful whenever I need help. She always gives a lot of information about what we’re learning about, which is why her class is one of my favorites!”

Ms. Hunt: “**Jacob Nesburg** has been an outstanding student in Modern World History A and B this year. He is always prepared and engaged in class and is incredibly respectful toward his teachers and classmates. I appreciate that Jake cares about his academic performance and puts in the effort required to be successful. He has a bright future!”

Jacob: “I enjoy having Ms. Hunt in History this year because she makes a lot of fun and interactive activities for us to do. She shows us many different learning styles to make sure that we get the information down such as showing us videos, taking notes, and doing reading worksheets. She is very friendly to others and wants to make sure that everyone does great in the class.”

Mr. Thom: "I am nominating **Paiton Neubauer (Coolest student) Cooley** as SOTW. Paiton is an active member in World History class and is always adding unique perspectives and questions regarding content matter and discussions in class. Besides, she is one of the COOLEST students in the school and always has a smile on her face. She is a leader in the classroom and is more than willing to take on leadership tasks with ANY of her peers/classmates. Paiton deserves this recognition as she demonstrates 21st Century skills and the district's 6 C's better than most students! She will be successful in whatever she chooses to do in her life!"

Paiton: "I love having Mr. Thom as a teacher in World History because he always adds insight on different world topics not necessarily in a political sense but he adds more entertaining aspect. I actually added a quote from him to my planner the other day when he said, "The smartest investment you can make for yourself is going to college." He has been one of my favorite teachers since day one and I'm glad to have him two semesters in a row!"

Mr. Thom: “**Wilson Seidensticker** is my choice for SOTW. I have only known Wilson for a couple of weeks but his curiosity in politics will prepare him to be an active and engaged citizen. Having Wilson in class is a benefit for all students as he is able to ask the right questions and raise the level of the conversation. I still don’t know how to pronounce his last name, but it sounds fun and I hope to figure that out soon. Keep working hard and asking tough questions Wilson! Congrats!”

Wilson: “Social studies classes have never been all that enjoyable for me until I was in Mr. Thom’s Econ class. I like his class because his teaching style is energetic and engaging. Something I like specifically is that he’s really good at approaching topics from multiple viewpoints to give all of us students ways to think differently. I definitely feel like I will leave this class having learned valuable knowledge about politics and economics that I can take with me wherever I go.”
