

## Special Diet Statement

School Food Authorities (SFAs) must make reasonable substitutions to meals on a case-by-case basis for children who are considered to have a disability that restricts their diet [7 CFR 210.10(m)]. According to the ADA Amendments Act, most physical and mental impairments will constitute a disability.

SFAs are not required to accommodate special dietary requests that do not constitute a disability, including requests related to religious or moral convictions or personal preference. If these requests are accommodated, SFAs must ensure all USDA meal pattern and nutrient requirements are met.
