Brief description of the skills you bring to this position.

This is my 16th year being involved with the STEM Academy through PTO and more recently through SSC. With 3 kids at the STEM ranging between elementary and middle, I am very invested in our school. I'm currently working on getting some of our safety concerns taken care of. I will also continue to be the best advocate that I can be for our families.

Brief description of the skills you bring to this position.

I would like your vote for SSC parent. I am a passionate parent that is actively involved in the school. I volunteer and go to as many school events as possible. You may have seen me cheering the kids on at a sports event or even volunteering at an event or riding one of the bikes at the Kinetic Sculpture Race as we crossed the finished line. I have been very active in PTO and SSC. I advocated for the school at the "Breakfast with Boyd" and want to see the Stem Academy be the best "STEM" school it can be. I have over 25 years of working in Finance and I know how to make the most of a limited budget. I will make sure that we put forth a solid school improvement plan to address the many needs of the STEM Academy.

Sincerely,

Peter Doherty

Brief description of the skills you bring to this position.

As the mother of two children at the STEM Academy and a lifelong Lowell resident, I take great pride in our school system. My Psychology background, career in Marketing, and years spent co-chairing a Steering Committee for the National MS Society have given me the skills necessary to advocate for the tools our children need to achieve their academic and social goals. Thank you for your consideration.

Brief description of the skills you bring to this position.

I am very interested in serving as a parent member on the School Site Council. I have two students at the STEM Academy, and I am committed to focusing on making sure that all of our students get the best opportunities. I have served the US Military, including several tours in Afghanistan. I worked as an interpreter, so I am very good at working as a part of a team. I am also respectful of differences and able to collaborate well with others.
