

Teaching and Learning Action Plan #3d: Career

Improvement Goal:

All students will demonstrate the skills and knowledge necessary for managing the dual role of productive and successful community member and wage earner by gaining employment in a career or by continuing education at the post-secondary level.

Expectations(s) for Student Learning:

- All students will develop career awareness.
- All students will have a personal education plan for college and careers.
- All students will have the opportunity to complete requirements for Core 40 or Academic Honors Diploma.
- All students will identify post-graduate education/career opportunities.
- All students will have personal guidance to chart their future career path enabling them to reach their potential.

Target Participants:

All students in the School City of Hobart

Target Groups:

Grades K-12 (career counseling, post-secondary education counseling, identifying student' strengths and weaknesses)

Interventions:**Curriculum:**

All students will participate in career awareness.

All students will participate in career exploration.

Students will participate in small learning communities/career academies.

Student Support:

All students will participate in comprehensive guidance and counseling.

Community/Parents/and guardians will develop career education knowledge.

All students will participate in school to career planning preparation.

Students will participate in after-school clubs and extra-curricular activities

The district encourages community groups to collaborate with schools to support student learning.
