

Computer Station Directions

1. Go to www.edulastic.com
2. Click “log in”
3. Log in with your school username and password that you previously created.
4. When logged in, click on the Statistic and Probability Quiz and begin your assessment.
5. You should have a piece of paper labeled “Statistics and Probability Quiz” with your scratch work AND answers so that I can give you a grade for this quiz.
6. When you finish, put your answer sheet/scratch work paper in your folder.
7. Watch the following videos on statistics and probability then play the following games.

Videos:
