Student Account Options Form

Meals Served on a Credit Basis

When students forget to bring money to purchase meals, and do not have funds on deposit in their meal accounts, the district will serve meals on credit basis until the total bill reaches $100.00, and parents are obligated to pay the resulting charges (see Policy 8550). Parents may choose to prohibit the service of meals on a credit basis, or revoke a previously submitted prohibition, by submitting this form.

☐ Please do not service my child, listed below, any meals on a credit basis. I understand that it is my responsibility to ensure that my child is properly fed, that cafeteria personnel are not authorized to make exceptions to this request, that charges already billed to my child's account will not be erased, and that this credit refusal will remain active until it is revoked by submission on a replacement **Student Account Options Form**.

☐ I previously asked that my child, listed below, not be served meals on a credit basis. I want to revoke that request. I understand that I will be responsible for payment of all charges billed to my child's meal account.

Charged Snacks

The district's standard procedure is to allow students to purchase a la carte food items, and snacks, using funds in their meal accounts. Parents may choose to prohibit these purchases, in which case online account funds can be used solely to purchase full meals, by submitting this form.

☐ Please do not allow my child, listed below, to purchase a la carte food items, or snacks, using funds in her/his meal account. I understand that the items will only be available to my child via cash payment at the time of purchase, and that this restriction will remain active until it is revoked by submission on a replacement **Student Account Options Form**.

☐ I previously asked that my child, listed below, not be allowed to purchase a la carte items or snacks using funds in her/his meal account. I want to revoke that request.
