## Bullying Prohibition

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent and disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all the incidents of bullying between students, particularly when students are not under the direct supervision of the school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate the and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal , retaliation, and other similar disruptive and detrimental behavior. Behavior that occurs at school, on buses, or at school events are covered by this policy. Electronix behavior that occurs on or off school premises but substantially and materially disrupts education and learning in the school can also be disciplined according to this policy.

Bullying by definition has 4 key components.

- Bullying is intimidating, threatening, abusive or hurtful conduct.
- It is objectively offensive.
- The conduct involves an imbalance of power and is repeated or
- The conduct materially and substantially interferes with a student's education or ability to participate in school activities.

This definition created two distinct categories of bullying

1. Bad behavior that involves an imbalance of power and pattern
2. Bad behavior that significantly affects a student's ability to participate in school, classes or events.

A copy of this policy shall be made available to all students and parents at the commencement of each school year. The policy shall also be available upon request in each principal's office. Link: [Bullying Prohibition Policy 514](#)

## **School Bus Conduct**

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

- Get to the bus stop five minutes before your scheduled pick-up time. The school bus driver will not wait for late students.
- Respect the property of others while waiting at the bus stop.
- Keep your arms, legs, and belongings to yourself.
- Use appropriate language.
- Stay away from the street, road, or highway when waiting for the bus.
- Wait until the bus stops before approaching the bus.
- After getting off the bus, move away from the bus.
- If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- No fighting, harassment, intimidation, or horseplay.
- No use of alcohol, tobacco, or drugs.

While riding a school bus, all riders must comply with the following rules:

- Always follow the driver's directions.
- Remain seated facing forward while the bus is in motion.
- Talk quietly and use appropriate language.
- Keep all parts of your body inside the bus.
- Keep arms, legs, and belongings to yourself and out of the aisle.
- No fighting, harassment, intimidation, or horseplay.
- Do not throw any object.
- No eating, drinking, or use of alcohol, tobacco, or drugs.
- Do not bring any weapons or dangerous objects on the school bus.
- Do not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

## **Cell Phones and Other Electronic Communication Devices**

Students are prohibited from using cell phones and other electronic communication devices during the instructional day. Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and gang activity. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures. The GPA's for all seniors on track for graduation will be calculated to determine class rank after the third quarter of the year. In the event of a tie, ACT scores may be used.

### **Crisis Management**

The school district has developed a "Crisis Management" policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The "Crisis Management" policy addresses a range of potential crisis situations in the school district. The school district has developed general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. **THE LEVEL SYSTEM** - When corrective actions taken by the classroom teacher have failed or the rule infraction is of serious nature, the incident shall be referred to a principal for investigation and action. The severity of the consequences applied by the principal depends on two factors: 1) the seriousness of the offense, 2) the previous disciplinary record of the student. To take both into account, a progression of consequences (the level system) has been adopted. A student who is referred for violating a rule contained within this code will receive the consequence that corresponds to the entry level for that offense. With each successive referral the student will be advanced up the level system at least one level up depending upon the seriousness of the infraction. The disciplinary consequences for each level are as follows, and in accordance with Pupil Fair Discipline Act:

**Level 1:** Referral to principal for conference. Incident recorded on the student record. Written notification to parent (at discretion of principal). Incidents at each level will be recorded on the discipline record.

**Level 2:** Principal conference - one period of detention. Parents notified in person, by phone or written notice.

**Level 3:** Principal conference - two periods of detention. Parents notified in person, by phone or written notice.

**Level 4:** One - Two (1-2) day of suspension (in or out). Parents notified in person, by phone or written notice.

**Level 5:** Three - Five (3-5) days of suspension (in or out). Parents notified in person, by phone or written notice. Conference may be requested.

**Level 6:** Five - Ten (5-10) days of suspension (in or out of school depending on the nature of the offense). Conference with parents.

**Level 7:** Expulsion hearing before Board of Ed. or an Administrative Conference of Superintendent, Principal, School Psychologist and teachers.

## PROVISIONS FOR THE USE OF THE LEVEL SYSTEM

1. A disciplinary file will be initiated for each student referred to the principal. A record of each violation, as well as the level assigned, will be maintained.
2. After a student has been placed on a level, the next infraction will result in the student being advanced to the next level. A level may be "jumped" if the infraction calls for a higher entry level. For example, a student who is on level 1 and commits a level 4 violation will be advanced to level 5. Normally, a student will be advanced up the level system with each successive violation; however, the principal may exercise discretion as to whether a student should be advanced for a minor violation.
3. The principal shall be responsible for seeking the assistance of counselors, teacher advisors, social workers, Student Support Team, and other professionals to help students correct their behavior problems.
4. Students failing to fulfill the disciplinary requirements of a level in the time prescribed will automatically move up to the next level. i.e. One missed detention = 2 detentions.

## Dress and Appearance

The purpose of this policy is to enhance the education of students by establishing expectations that support educational goals. Students and their families have the primary and joint responsibility for a student's clothing and appearance.

Teachers and other district staff should exemplify and reinforce students' development and understanding of appropriate appearance in the school environment.

A student's clothing or appearance may not materially and substantially disrupt or interfere with the educational mission, school environment, classwork or school activities. A student's dress or appearance may not incite or contribute to substantial disorder or invasion of the rights of others or pose a threat to the health or safety of the student or others

- Grooming or dress that prevents a student from doing his/her best work because of vision, restricted movement, or that exposes them or others to accidents is unacceptable.
- Clothing must be modest and provide sufficient coverage
- Lewd, suggestive, profane or other printing on garments or the person will not be allowed.
- No ads for illegal substances may be worn or displayed at school
- Clothing should be appropriate for the weather. No blankets

If the administration believes a student's appearance, grooming or mode of dress interferes with or disrupts the educational process or school activities or poses a threat to the health or safety of the student or others, the student will be directed to make modifications or will be sent home for the day. A parent or guardian will be notified.

Faculty members directly in extra-curricular activities have the right and authority to decide how students should be dressed when representing the school. Students whose dress or grooming, or appearance does not conform to the above standards will be referred to the principal to correct the matter if necessary. A copy of this policy shall be made available to all students and parents at the commencement of each school year. The policy shall also be available upon request in each principal's office. ### **Drug-Free School and Workplace**

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance that has a currently accepted medical treatment into a school location for personal use if the person has a physician's prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district's "Student Medication" policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

### **Early Graduation**

Students may be considered for early graduation after meeting the conditions provided in school district policy.

### **Eighteen-Year-Old Students**

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy and this handbook.

**Emergency Contact Information:** Rothsay School asks that all parents fill out all contact information on JMC

### **Employment Background Checks**

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

### **Extracurricular and Co-Curricular Participation**

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health. Formal instruction is the school district's priority.

Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities.

All spectators at school-sponsored activities are expected to behave appropriately. Students and employees may be subject to discipline. Parents/guardians and other spectators may be subject to sanctions for inappropriate, illegal, or unsportsmanlike behavior at these activities or events.

The **Rothsay** School District is a member of the Minnesota State High School League (MSHSL). Students who participate in MSHSL activities must abide by the MSHSL rules. The district will enforce all MSHSL rules during the school year and in the summer as applicable.

Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. For more information about the MSHSL rules and student eligibility requirements, contact the activity director.

**Attendance:** The student must be present for the full day to participate in an event or practice. If the student is late or misses class, the student must come with an excuse from the attending physician or dentist. In the event of an unexcused tardiness, school administration will look at attendance history for a pattern of 3 or more absences/tardies within the given semester. Administration reserves the right to deny or allow participation in the extra/co-curricular event based on this history and pattern of behavior. In case of emergency situations or special specific circumstances, student participation will be considered by the administration. Please call the school if an emergency arises.

Any student suspended out of school or removed from class (i.e. in-school suspension or for a reason not following the discipline policy) will not be allowed to attend extracurricular or co-curricular activities the day of each suspension/removal.

**Eligibility:** To maintain your eligibility for junior high and Minnesota State High School League athletics and activities – our students must:

1. Follow all MSHSL rules and policies.
2. Students will be put on “probation” after a check of grades at the two-week period. Those students with any combination of two D’s, F’s, or incompletes will be placed on probation for a period of one week.
3. At the three-week mark – those students with any combination of two F’s and/or incompletes, will be ineligible for at least one event and until a student has no more than one F/I.
4. Grade checks will be made in a three-week cycle with checks on the second (for probation) and third week for eligibility.

**Spectators:** All spectators at games are expected to support Rothsay teams in a positive manner.

- They are to be respectful
- Students are to remain seated in the stands to watch the game. Spectators should use restrooms and/or concessions before the game and designated breaks, such as timeouts.
- They are to stay at the game. Once they leave the building, they will not be readmitted, except with permission from the supervisor.
- No one is allowed outside of the gymnasium or in the locker rooms during the games and concerts without permission from administration.

### **Communication and Chain of Command for Rothsay Public School Athletics:**

It is recommended that parents wait 24 hours after the completion of a game to contact a coach if the call pertains **to playing time, game decisions, or other issues relating to the sporting event**. It is always recommended that the student start the chain of communication by talking with their coach first, with or without a parent present. If issues are not resolved, a parent is encouraged to follow the chain of communication as stated below:

#### Chain of Communication

- 1 – Player or player and parent together, talk to coach
- 2 – Parent talks to coach
- 3 – Parent talks to activities director
- 4 – Parent talks to principal
- 5 – Parent talks to superintendent

### **Fees**

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges, a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact Sarah Wolfer at 218-867-2116. The Rothsay School Fee Schedule can be found at: [Fee Schedule](#)

### Field Trips

Field trips may be offered to supplement student learning in which students voluntarily participate and, if so, students who participate may be charged. Students will not be required to pay for instructional trips that take place during the school day, relate directly to a course of study, and require student participation.

## **Harassment and Violence**

The school district strives to maintain a learning and working environment free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. A copy of this policy shall be made available to all students and parents at the commencement of each school year. The policy shall also be available upon request in each principal's office. Link: [Violence Prevention Policy 525](#)

## **Hazing Prohibition**

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. A copy of this policy shall be made available to all students and parents at the commencement of each school year. The policy shall also be available upon request in each principal's office. Link: [Hazing Policy 526](#)

## **Health Information**

### ***First Aid***

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation. The district has installed automated external defibrillators (AEDs) just outside the east entry to the gymnasium and on the second floor at the top of the stairs next to the elevator. Tampering with any AED is prohibited and may result in discipline. ***Communicable Diseases***

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

### ***Health Service***

Students who become sick at school should report to the office. In the case of an emergency, the office will call 911 and notify parents. The office will arrange for students who get sick at school to go home early.

A parent/guardian should notify the school if his/her child is unable to attend school because of illness. Email the office at [vray@rothsaystaff.org](mailto:vray@rothsaystaff.org) or call 218-867-2116.

### ***Immunizations***

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the office at 218-867-2116.

### ***Medications at School During the School Day***

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student but will be left with the appropriate school personnel. Exceptions that may be allowed include prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (§504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in administration of a student's prescription medication.

### ***Mobile Mental Health Crisis Response/Suicide Prevention***

Serving Adults and Children in Clay, Otter Tail and Wilkin Counties

### **Homework and Class Assignments:**

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

Any instructional days missed do not allow a student to receive the education needed. Any missed assignments will directly affect their grade and the student may receive additional consequences for the unexcused absence(s).

**Excused Absences:** Students who have been absent from school have twice the length of time missed to make up daily work or tests assigned while the student was absent. An assignment not turned in by the end of the allotted time will then follow the Late Work policy.

**Late Work:** Work turned in after assigned time and day will face a reduction per day. For each day the assignment is late, the points received for that assignment will be reduced by 10 percent of the original score. One day late, 10% reduction, two days late, 20% reduction, etc. At day 4, there will be a 40% reduction or 60%/D- credit on the assignment. On day 5, a 50% reduction will apply. After 5 days the student will receive zero credit. Teacher discretion will be allowed on late work.

**Unexcused Absences/Tardies:** Work assigned on days where an unexcused absence occurs will follow the Late Work procedure; grades received on these assignments will be reduced by twenty-five percent of the original score each day incurred after assignment due date.

### **Additional Notes to Homework Expectations:**

- In the cases of both excused and unexcused absences, the teacher may assign different or additional materials to cover the material missed during the absence. Students who receive assignments from the teachers prior to an extended absence may be required to turn in these assignments upon their return or at a date specified by the teacher.
- Assignments made while students are in attendance will be turned in on time. Example: if an assignment is made on Wednesday for Monday, and the student is absent on Friday, the assignment is still due on Monday. If a student has an excused absence on the day an assignment is due, the assignment must be turned in the next day; unexcused absences will follow Late Work policy.
- Students are expected to know any material instructed during any form of absences which may appear on a future test or quiz.
- If a student knows of an absence before it occurs (i.e. – vacations, family trips), it is in the child's best interest to collect all materials from the teacher(s) and complete work before absences occur.

### **Honor Graduation Students**

All students are eligible to graduate with honors. Honor students will be selected based upon GPA. Seniors with a GPA of 3.00-3.74 will graduate with honors. Those with GPA of 3.75-4.00 will graduate with highest honors and the top two students will be named Valedictorian and Salutatorian.

### **Honor Roll**

Once per quarter you will be considered for the honor roll. The minimum requirement is 3.0-3.49 grade points for the "B" Honor Roll and 3.5-4.0 for the "A" Honor Roll. If a student has an "I" or an "F" in any class at the end of each quarter, they are ineligible for Honor Roll for that quarter.

### **Incompletes**

On rare occasions, a student may be granted an Incomplete. Students have two calendar weeks to make up the Incomplete. If you choose not to, your grade will reflect the assignments not completed. No incompletes will be granted at semester times.

### **Internet Acceptable Use**

All school district students have conditional access to the school district's computer system, including Internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws. A copy of this policy shall be made available to all students and parents at the commencement of each school year. The policy shall also be available upon request in each principal's office. Link: [Internet Acceptable Use and Safety Policy 524](#)

Within 30 days of the start of each school year, the school district must give parents and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:

- identify each curriculum, testing, or assessment technology provider with access to educational data;
- identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
- include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.

The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.

Students will receive a copy of the school district's "Internet Acceptable Use" policy and are expected to understand and agree to abide by the policy as a condition of use of the school district's computer system. All students who wish to use the school district's computer system must sign the Internet Use Agreement form each year.

### **Interviews of Students by Outside Agencies**

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

### **Library and Media Center**

The library/media center is open until 4:30 each school day. Students may use the library/media center during the school day and before and after school only when a supervisor is present.

### **Malicious and Sadistic Conduct**

"Malicious and sadistic conduct" is defined as conduct that creates a hostile learning environment by acting with the intent to cause harm and injury without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty

Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A, is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

### **Nondiscrimination/Grievance procedure**

Rothsay School does not discriminate on the basis of race, color, creed, religion, national origin, sex, age, marital status, status with regard to public assistance, sexual orientation, or disability in its programs and activities. .

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district. Complaints may be either written or oral. People are encouraged, but not required, to file a written complaint at the building level where appropriate. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint.

### **Notice of Violent Behavior by Students**

The school district will give notice to teachers and other appropriate school district staff before students with a history of violent behavior are placed in their classrooms. Prior to giving this notice, district officials will inform the student's parent or guardian that the notice will be given. The student's parents/guardians have the right to review and challenge their child's records, including the data documenting the history of violent behavior. Link: [Staff Notification of Violent Behavior by Students Policy 529](#)

### **Parent Right to Know**

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;

4. whether the student is provided services by paraprofessionals and, if so, their qualifications. In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who is not highly qualified.

### **Parent Volunteers**

Parents/guardians are welcome in the schools and are encouraged to volunteer in their children's classrooms. To volunteer in the school building or classroom, parents/guardians should contact the elementary or high school principal. Parents/guardians who visit the school should sign in at the office before entering a classroom. For more information, contact the school at 218-867-2116

### **Parking on School District Property**

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:

- Parking a motor vehicle on school property during the school day is a privilege;
- Students are not permitted to use motor vehicles during the school day in any school district locations unless an emergency occurs and permission has been granted to the student by officer personnel.
- Students are permitted to use motor vehicles on the high school campus(es) only before and after the school day;
- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

### **Parties/Food in the Classrooms**

Parties are typically held for students at Halloween, Thanksgiving, Christmas, and Valentine's Day and as classroom incentives/rewards. These parties usually are held in the afternoon and planned by the teacher with an academic, social or service connection. Students may bring **store purchased, healthy snacks that meet Competitive Foods Nutrition Standards** to school on their birthday. A list of options and guidelines will be available on our school website and also through your child's classroom teacher. Please contact the teacher prior to that day if possible.

### **Pesticide Application Notice**

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, an estimated schedule of pesticide applications (which will be available for review or copying at the school offices), and the long-term health effects of the class of pesticide on children can be requested by contacting Lakes Country Service Cooperative and requesting the information for Rothsay School.

### **Pledge of Allegiance**

Students will recite the Pledge of Allegiance to the flag of the United States of America each Monday. Any person who does not wish to participate in reciting the Pledge of Allegiance for any personal reason may elect not to do so. Students must respect another person's right to make that choice. Students will also receive instruction in the proper etiquette toward, correct display of, and respect for the flag.

### **Postsecondary Enrollment Options**

Ninth, tenth, eleventh, and twelfth grade students may apply to enroll in Postsecondary Enrollment Options (PSEO) and other advanced enrichment programs. General information about the PSEO program will be provided to all eighth, ninth, tenth, and eleventh grade students by March 1. Qualifying credits granted to a student through a PSEO course or program that meets or exceeds a graduation standard, or requirement will be counted toward the graduation and credit requirements of the state academic standards. Interested students must fill out an application form and submit it to the **School Counselor, Sara Schobinger** by May 30 for enrollment the following school year. The application form must be signed by the student and his/her parent or guardian. Students wishing to take a PSEO course should contact **School Counselor, Sara Schobinger**.

### **Promotion and Retention**

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final. The district has a variety of services to help students succeed in school. For more information, contact the student's principal.

**Recording**

Students are prohibited from photographing, recording or making any electronic record of other students, staff or visitors without prior express written consent of the individual that is the subject of the recording, photograph or electronic record. This policy applies to students during the school day, instructional and non-instructional time, or while participating in school events. The school district reserves the right to prohibit and/or confiscate cell phones and other devices used to record, photograph, harass or threaten others.

**School Closing Procedures**

School may be canceled when the superintendent believes severe weather or other circumstances threaten the safety of students and employees. The superintendent will decide as early in the day as possible about closing school or school buildings. School closing announcements will be broadcast over WDAY and KVLV. Phone messages will go out to parents and guardians via JMC.

**Searches**

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

***Lockers and Personal Possessions Within a Locker***

Under Minnesota law, school lockers are school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

***Desks***

School desks are school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

***Vehicles on School Property***

The school district may conduct routine patrols of school district properties and inspections of the exteriors of the motor vehicles of students. Interiors of students' vehicles in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. If a search yields contraband, school officials may seize the item and may turn it over to legal authorities when appropriate.

## **Standardized Testing**

### **Test Opt-Out**

Standardized testing is used in schools to measure student achievement. State tests are given to students in a district once a year, based on their grade level and subject area. Classroom tests are given by individual teachers on a more regular basis and may include quizzes, mid-terms, chapter tests and final exams, among others. Both types of tests give educators an idea of how well their students are learning the concepts presented to them in the classroom. Minnesota Statutes, section 120B.31 subdivision 4a, requires the Minnesota Department of Education(MDE) to publish a form to help parents/guardians make informed decisions that benefit their child and their community. The form to meet this legislative requirement is available at the link below. When completed, it must be returned to your student's district; your student's district may require additional information. Link: [Statewide Testing Refusal Form](#)

## **Student Publications and Materials**

- Encourages students to commit illegal acts or violate school regulations or substantially disrupts the orderly operation of school or school activities.
- Expresses or advocates sexual, racial, or religious harassment or violence or prejudice.
- Is distributed or displayed in violation of time, place, and manner regulations.
