TO THE PARENT OR GUARDIAN: To fully assess the health of your child's visual system and prevent future learning problems associated with undetected vision problems, regular professional eye exams are essential. Experts estimate that 80% of learning is obtained through vision. Good vision directly contributes to a child's ability to learn while in school. As a part of your back-to-school preparations, it is recommended that you take your child and this card to your family eye doctor for a complete eye health examination. **This card should be signed by the eye care professional and returned to the school nurse or teacher by your child.**
