

PILC is a nice school. I came here for education. I have been here since first grade. The teachers and kids are really nice here. I really like hanging out with my friends. Nothing is better than hanging out with my friends. I really like Mike's dog. When the older boys walk Mike's dog around I like petting him. Mrs. Boyd and Mrs. Moran bring theirs too. I really like petting them.

My favorite hobby here is sleeping. My favorite subject here is reading. I like some of my other classes. I like when I get Warrior Bucks. I like when we go bowling, to the movies and YMCA. I really like Pierre Indian Learning Center. I know no matter what PILC will always keep us safe and keep us having fun. Every time I come back I think about all my memories that I made with all my friends here.
