

NOTE X: SUBSEQUENT EVENTS

COVID-19 Pandemic

In February 2020, Governor Inslee declared a state of emergency in response to the spread of a deadly new virus. In the weeks following the declaration, precautionary measures to slow the spread of the virus were ordered. These measures include closing schools, canceling public events, limiting gathering sizes, and requiring people to stay home unless they are leaving for an essential function. On April 6, 2020, the Governor closed all public and private K–12 school buildings throughout the remainder of the 2019–20 school year. The school district, however, continues to operate; educating students using continuous learning models.

Preparer Note: [Include information about actual or potential financial impact on the district and management's plans to address the situation, to the extent known.]

Delete preparer note when finished.

The length of time these measures will be in place, and the full extent of the financial impact on the school district, is unknown at this time.
