

Dear Parents/Guardians,

The following books are listed by grade level ban. Books that are "just right" for your child will be the ones on or around their level. To build fluency, have your child read books on an easier level. Books above your child's level will be too difficult. However, a child's listening level is usually 2-3 grade levels above their reading level. Reading aloud to your child will help challenge students by introducing them to more sophisticated vocabulary and increasing their cognitive skills. In addition, reading together is a great time for families to bond with their students and will provide opportunities for meaningful discussion. It will become a time you and your reader look forward to each day! Remember, don't restrict your reader's reading material to only books. Provide the chance to read other types of materials (magazines, comics, newspapers, atlases, recipes, game instructions, etc.). This will allow them to discover several reading materials of interest. You may use these lists with the suggested [Summer Reading Calendar](#), which can be returned to your student's classroom in the fall. Happy reading!
