

## Summer 2020 Learning Resources

Literacy	
	All CMS students have access to <a href="#">Sora</a> ! Sora gives students access to CMS' library, Charlotte Mecklenburg Public Library, AND the NC Kids' Digital Library, all in one app. All students need to do is log into Clever from the web or Sora app to access it. <a href="#">Click here to visit Sora</a> . Parents, <a href="#">click here for the Sora Set-Up &amp; User Guide</a> .
	The READS program is designed for use by parents, teachers, and community partners and is free for all to use. We particularly encourage parents to read with their students and to complete the activities that go along with each book. Reading together is fun! <a href="#">Click here to visit the READS Lab</a> .
	Right now, kids everywhere can instantly stream an incredible collection of stories, including titles across eight different languages, that will help them continue dreaming, learning, and just being kids. All stories are free to stream on your desktop, laptop, phone, or tablet. Explore the collection, select a title, and start listening. <a href="#">Click here to access Audible's free collection</a> .
	Sign up for thousands of educational resources for teachers and students of all grades. Access videos, games, activities, and lesson plans. <a href="#">Click here to access the PBS Learning Media site for students</a> .
	Epic is the largest and safest digital library for kids, <i>and many OP classes utilize it!</i> To keep kids reading and learning during a prolonged school closure, Epic is offering all our students FREE REMOTE STUDENT ACCESS through the end of the school year. <a href="#">Click here to visit Epic</a> .

Math	
	Khan Academy is an American non-profit educational organization that has created a set of online tools that help educate students. The organization produces short lessons in the form of videos. Students can get help with what they are learning in school or learn something new. <a href="#">Click here to access Khan Academy</a>
	<i>A Maths Dictionary for Kids</i> is an animated, interactive online math dictionary for students which explains over 630 common mathematical terms and math words in simple language with

	<p>definitions, examples, activities, practice, and calculators. <i>A Maths Dictionary for Kids Quick Reference</i> is a device friendly <i>HTML version</i> with definitions and detailed examples for over 955 math words and terms. <a href="#">Click here to get started with A Maths Dictionary for Kids</a></p>
	<p>At Education.com you can access hundreds of math stories and games by grade level, by math subject, or by the standard. Create a free account to get started. <a href="#">Click here to access Education.com</a></p>
	<ul style="list-style-type: none"> <li>• <b>AAA Math</b> features a FREE comprehensive set of <b>thousands of interactive arithmetic lessons</b>.</li> <li>• <b>Unlimited practice</b> is available on each topic which allows thorough mastery of the concepts.</li> <li>• A <b>wide range of lessons</b> (K-8) enables learning or review to occur at each individual's current level.</li> <li>• <b>Immediate feedback</b> prevents practicing and learning incorrect methods. Practice can continue as long as desired in a non-threatening format which helps build self-esteem and confidence. <a href="#">Click here to access AAA Math</a></li> </ul>
	<p>Xtra Math is a free math fact fluency program designed to help students master basic math facts in addition, subtraction, multiplication, and division. <a href="#">Click here to access Xtra Math</a></p>
	<p>Interactive math resources for teachers, parents, and students featuring free math worksheets, math games, math flashcards, and more. <a href="#">Click here to access Aplus Math</a></p>
