

Summer 2018

WHAT WILL YOU BE DOING?

Plan now to attend a summer academic enrichment program!

If you are eligible for free or reduced price lunches and are in grades 3-11, apply for a stipend to attend a summer academic enrichment program. A stipend for up to a \$1,000 will be paid directly to the summer academic enrichment program you attend. If you are in grades 7-11, you must have either an overall "C" average or its equivalent for the most recently recorded academic term in the subject area applicable to the summer program you wish to attend. Awards will be made on a first-come, first-serve basis.
