

Summer Learning Opportunities 2018

Some Questions to Ask About Summer Camp for Your Child:

When researching camps for your children, Tom Rosenberg, President and CEO of the American Camp Association, suggests that you ask these questions:

- ☐ What is camp's philosophy?
- ☐ What is the camper-to-counselor ratio?
- ☐ Is the camp accredited by the American Camp Association?
- ☐ How is the staff selected? How old are the counselors? What training do they have?
- ☐ How is homesickness handled?
- ☐ Are scholarships available? Rosenberg says 93% of ACA accredited camps offer scholarship opportunities based on the parent's ability to pay.
