

**2024 - BOULAN PARK MIDDLE SCHOOL
EIGHTH GRADE - SUMMER READING ASSIGNMENT**

Name _____

During the summer prior to 8th grade, you must read two books. One will be a required, challenging, whole-class read. The other will be a book of your choice (with certain parameters). This assignment will help you maintain your reading skills and prepare for the coming year.

The choice book should contain 200+ pages and be a book you have not read before. Try to choose a book that interests and challenges you.

You will have assignments based on these books in your English class when you return to school in the fall.

There are two graphic organizers that should be filled out as/after you read. These can be used during the assignments in the fall.

List the book you read this summer below and bring this sheet to your first full day of class.
