

Summit Schools Summer Camps 2022

K-6 Summer Camp Information June 6-July 29, 2022

Summit Schools has been a destination for local children for over 20 years and is known in the community for high-quality programming that provides a hands-on approach to learning.

Summit proudly offers academic and themed camps for eight weeks during the summer for students entering K-6th grades. Summit also continues to present intensive academic camps designed to help build a strong foundation in reading, writing and math.

In addition to academic camps, Summit has expanded upon the acronym of STEAM (Science, Technology, Engineering, Arts, Math) with the addition of "R" - Reading and Writing. S.T.R.E.A.M. themed camps will be offered weekly. All courses/lessons taught within the week will focus on one specific area of S.T.R.E.A.M. Students will be instructed by teachers in smaller groups based on appropriate classroom groupings. These courses are sure to be engaging, interactive and hands-on.

Summit Schools has operated in-person during the 2021-22 school year while following the health and safety guidelines as determined by the CDC and Linn County Public Health. As a result of more intensive policies and procedures, Summit has successfully operated without significant impact or delay of our regular school. **Summit plans to follow the guidance of these two groups for our summer programming, which may include face masks, social distancing and sanitization protocols.**

Summit will update all registering families with the health and safety protocols that will be in place for the summer, prior to the start of summer camps. Please know that Summit places the highest priority on the health and safety of our students, staff and community members. Summit looks forward to offering the high-quality programming that you expect, in a safe and nurturing environment.

Thank you again for your interest in Summit Schools Summer Camps. We look forward to seeing you soon! Please reach out if you have any questions.

Academic Camps

Classes will be separated by grades:

\$625 / Session

1-2 3-4 5-6

Closing the Gap in Reading and Writing

Take your reading, writing and comprehension skills to the next level! Join our intensive and focused program for students in need of a boost in reading and writing, critical thinking and creativity in language arts.

Teachers are trained in the Orton-Gillingham method, a high quality instructional approach intended primarily for students who struggle with reading, spelling and writing.

Session 1

- June 6 - July 1
- 4 weeks
- 8:30 AM-11:30 AM
- 1st - 6th grades

Math Basics

Struggling with basic math computation? This camp is designed to help close the gap to success with addition, subtraction, multiplication and division using manipulatives to strengthen concepts. This camp is appropriate for students who need remediation in math.

Session 2

- July 5* - July 29
- 4 weeks
- 8:30 AM-11:30 AM
- 1st-6th grades
- *No class on July 4

Math Enrichment

Are you a math whiz, who just can't get enough? Then this is the camp for you! We'll determine your understanding of math and challenge you to keep growing during the summer break. This camp is for students who desire to stay engaged mathematically over the summer and have fun too!

Session 2

- July 5* - July 29
- 4 weeks
- 8:30 AM-11:30 AM
- 3rd-6th grades
- *No class on July 4

Summit Tutoring Program

Summit's tutoring program offers a variety of subjects and study skills. Tutoring is open to all children in the Cedar Rapids area.

Themed Camps

AM or PM only option
8:30 AM-11:30 AM or 12:30 PM-3:30 PM
\$180/week

Full-day option
8:30 AM-3:30 PM
\$260/week

Classes will be separated by grades:

K-1

2-3

4-6

Week 1: Science

June 6-10

S

Summoning all scientists! Join us in the lab as we experiment with colorful concoctions, messy mixes and cool chemical reactions. Launch a balloon rocket, create slime, brew a batch of bubbles and more during this action-packed week!

Week 2: Technology

June 13-17

T

Students will discover their inner video game coder with this hands-on camp! They will build their coding, creative, and problem-solving skills through engaging hands-on activities. Whether they are a beginner or an experienced enthusiast, students will have plenty to learn and build upon. We will utilize programs such as MIT's Scratch program, Spheros and LEGO® robots to master different challenges.

Week 3: Reading/Writing

June 20-24

R

Students will engage their imaginations while reading and writing poetry, journaling, playwriting, composing short stories, etc. about the world around them. Students will have the whole week to discover their inner author.

Week 4: Engineering

June 27-July 1

E

Come along as we explore Rube Goldberg contraptions, LEGOS®, simple machines and more! Students will apply real-world concepts from science, technology, engineering and math as they use teamwork to complete projects. Students will problem solve and think critically as they have fun learning!

Week 5: Art

*July 5 - 8

A

This week is perfect for art lovers and budding artists! Join us in the studio as we create new projects each day. Explore the basic techniques of art, while enhancing creativity and self-expression.

*No camp on July 4; starts July 5 | Price is adjusted for the holiday.

Week 6: Mathematics

July 11-15

M

Students will practice their daily math skills and have fun doing it! This play-based week will include activities such as cooking, shopping and more!

Healthy Life and Recreation Weeks 5, 6, 7 & 8

Each HL&R week must be registered for **SEPARATELY.**

Join us for 1 week or 4 weeks! Students will create crafts, play games, exercise, engage in water play and much more! We will be walking to the splash pad at Noelridge Park on M-W-F, in the afternoons. Look for more information about plans to swim at Noelridge Pool once per week! Pool passes need to be purchased at Noelridge Pool prior to the week your student will be attending.

Classes will be separated by grades:

receive 10% off
your entire
registration.

- NO REFUNDS will be issued after May 20, 2022, but a credit will be allotted to the family's account to be used during Summit's 2022 summer camps. The exception is camps canceled by Summit Schools due to insufficient enrollment, which will receive a full refund.

- Notice of canceled camps (due to insufficient enrollment) will be sent to the e-mail provided during registration.

- June camps will be confirmed May 20, 2022.

- July camps will be confirmed June 24, 2022.

- Waitlists are held until enough registrations have been collected to open an additional section(s) and staffing has been secured.

Students who are registered for a full-day themed camp will have supervised lunch and recess between 11:30 AM – 12:30 PM. Students should bring a lunch from home that does not require heating or cooling. Please note that lunch is not provided and students must be registered in a full-day themed camp to participate in the lunch and recess option.
