An investigation was conducted. 5 alleged offenders were identified. Alleged victim, alleged offenders (5), and 8 witnesses (2 teachers and 6 students) were interviewed. Video footage of the hallway where one of the incidents occurred was viewed. It was determined that the incident started when alleged victim moved alleged offender #1's seat before class. Alleged offender #1 responded by making multiple comments towards alleged offender about his appearance and size. Several of alleged offender #1s friends involved themselves in the conversation at this point but there is not conclusive evidence that they made any comments that violate the ABR. Thus, HIB is FOUNDED FOR SOME (alleged offender #1). All students involved received counseling. A restorative conference was held by admin with alleged offender #1 and alleged victim.
