

Topic:

Who is the greatest superhero  
of all time?

Your Opinion (claim):

Superman

Reasons:

fastest  
strongest  
laser beam eyes

First Reason:

He is the fastest superhero.

Examples/Details to support that reason:

He is faster than a speeding bullet,  
he can use his speed to save lives.

Second Reason:

He is the strongest superhero.

Examples/Details to support that reason:

He can lift buildings, cars, & trains.  
He can use this strength to prevent crime.

Third Reason:

## Laser Beam Eyes

Examples/Details to support that reason:

His heat vision is strong enough to replace the sun, which makes it a weapon and a useful tool.

An Opposing Viewpoint...(Counter-claim):

Why would other friends/people disagree with your claim or ideas?

You might think that Batman is better than Superman, because Batman is more relatable since he had human parents, like us.

Rebuttle:

Why is the counterclaim

Invalid?

Superman also had human parents who raised him on planet Earth, so he is just as relatable.

Conclusion: Imagine you are standing on a chair to sum up your argument and really make your point. What are the key points that should be restated? Tie a bow on your argument and wrap it up! No new ideas!

Superman is the greatest superhero because of his endless powers + skills he is incredibly fast, strong, + has the ability to shoot lasers, including many other skills. Even though other superheroes may be appealing, there is no doubt that Superman is the champion of them all.
