

4th Grade's Digital Footprint

By: Aiden McKiernan

Your digital footprint will be where ever you go. If you do something right it, will go on your digital footprint. If you do something wrong, it will stay on your digital footprint forever.

Do you believe that your reputation can be damaged due to your digital footprint? 34 voted yes and 29 voted no. Yes, your digital footprint will keep everything that you post on line. If it is good it will stay on there forever. People sometimes do good things and bad things.

YouTube, Music.ly and Snapchat are the most popular apps. They can be good or bad. Sometimes it is bad. They can be good sometimes. They are the most popular apps. They can be bad most of the time. YouTube had 54. Twitter had 9 and TBH had 0. Snapchat had 18. Pinterest had 6. Music.ly had 22. Instagram had 13. Other had 16. I do not use Social Media had 1.

The summary of the results are about Social Media. Social Media things can damage your digital footprint. Only one voted don't use Social Media. Others voted other things that can damage your digital footprint. The one that had the most votes was YouTube. YouTube had 54.
