## **406 Total Survey Participants**

## **Total Participants by Audience**

### **General Comments**

#### Pro's

- Love that there are fresh healthy choices, but can we keep pizza, well pizza?
- Please continue to offer vegetarian & vegan meals they are a healthy option for all children. We really appreciate it. Thank you!!
- It's great and I love seeing my child so happy!
- Thank you for all your hard work.

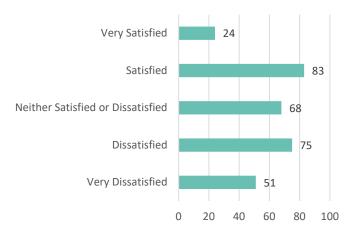

#### Con's

- Long lines, sometimes my kids miss lunch due to the wait. Likely not the fault of the staff but simply the huge numbers being served.
- Offer more vegetarian items every day
- Portion sizes too small Have enough food for seconds
- Add more organic and locally sourced food
- Offer more menu variety from culture backgrounds
- Simplify! It's fine to have restaurant quality meals, but have some more kid friendly options each week. Bring back the basic pizzas on Fridays.

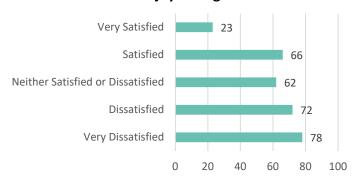

# **Overall Parent Satisfaction Levels**

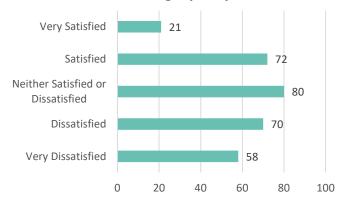

#### Students are served nutritious meals at school

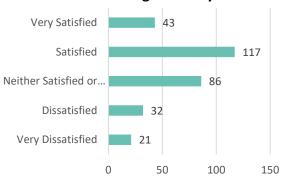

## Students enjoy eating school meals

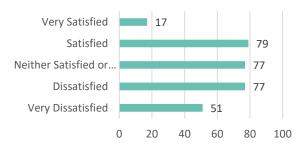

## School meals are high quality and fresh

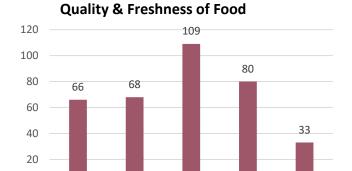

## Menu offerings are easy to find

## There is a good variety of food choices offered to students at school
