How Cropper forecasts were used:

- For budget purposes:
 - K and grade 1 - used the Cropper forecasts by school
 - grades 2-12 - used cohort survival by school

*Cropper & McKibben: [10 year enrollment forecasts produced February 2020](#)

SY 2021-22 Enrollment So Far: April 29, 2021 Snapshot

Total students PK-12:

- 6,717

Enrollment by Grade Span:

- K-8: 4,459 students
 - Kindergarten: 375*
 - Grade 1: 502
- BHS (9-SP): 2,081 students

Note:

- Kindergarten: Includes only those students fully registered plus estimated METCO and Materials Fee Placements

SY 2021-22 Forecast vs. Actual Enrollment

Enrollment projections during Initial budget planning

- Use Cropper projections for 2020-21 for K and 1 students; roll up 2020-21 enrollment for grades 2-12.
- Budgeted sections to account for the Cropper projections of 625 students in K and 630 in Grade 1.

Winter/Spring Kindergarten enrollment pace is slower than forecasted

- Currently 350 kindergarten and 502 Grade 1 students
- Enrollment will continue to grow through the Spring and Summer enrollment period
- Kindergarten and grade 1 enrollment is uncertain and volatile in the face of COVID recovery

Anticipating growth and planning for right-sized sections

Anticipated growth

- Enrollment is dynamic
- Need to ensure there are sections in reserve for continued growth through spring/summer

Average new summer enrollments (July-September)	
K	100
1	55
2-8	295
9-12	75
