TAG Tidbits

A Newsletter for Talented & Gifted Students and Their Parents

Summer Opportunities for TAG Students

Most of these opportunities are in the form of camps but some of the organizations listed below offer one-day classes and many offer scholarships to help cover the cost. Some opportunities are located in the Portland area and others are in the surrounding vicinity. Please visit the organization's website for more information.

iD Tech Camps at Lewis & Clark College

"At Lewis & Clark in Portland, OR, we offer co-ed iD Tech Camps for ages 7-17. Learn code, game design, app development, web design, film, photography, and more. Kick-start your dream job and gain a competitive edge for college!"

Mad Science Summer Camps

"Mad Science brings kids the fun, the amazement and the wonder of all things science."

OMSI

"Everyday encounters with science. From a brand new camp to high-end technology, summer is going to rock." [OMSI](#)

OSU Precollege Programs

"The Office of [Precollege Programs](#) supports and oversees a wide range of youth outreach activities designed to increase college access and academic preparation for Oregon's youth. Academic programs and youth camps provide a pipeline to higher education and offer opportunities to enhance physical and mental well-being."

Saturday Academy

[Saturday Academy](#) offers hand-on classes & camps for students in grades 2-12 in a variety of topics. From Chemistry Experiments to Lego Physics, they have something for every student.
