PRACTICE ROLEPLAY

LOGAN: Stevie is causing all sorts of trouble, saying that I cheated off of her during the quiz! I was just leaning over to pick up my eraser off the floor and she flipped out and tattled for no reason.

Impact Statement for LOGAN:

STEVIE: Logan kept bugging me for my notes all morning, but I didn't give them to him because I did all the work and he didn't. I had a feeling he would try and look at my paper even after I told me I wouldn't share my notes.

Impact Statement for STEVIE:

What clarifying questions might you ask these disputants?
