

# TerraCare

**Mission:** TerraCare is a West Virginia owned and operated company, dedicated to improving the environment by providing aesthetically pleasing landscape designs, installations, and grounds maintenance programs in a professional, cost-efficient manner.

The TerraCare team averages between 60 to 70 dedicated personnel during the peak grounds maintenance season, in 3 regions of West Virginia. Our leadership team is comprised of business professionals, design professionals, and a management team with over 100 years of combined experience in the Green Industry.
