

Photo Request

All NMSBVI Families & Staff:

All through February, there will be excellent opportunities to take photos of your student! We hope you'll take pictures of your child, and send them to us for our next school slideshow, posted online! We'd love to have whatever photos you'd like to send us... photos of your student doing school-related activities, Valentine's crafts, wintertime sports, family celebrations/indoors/outside/anything else of interest! Please send in your photos by Monday, February 22, to be added to the next school slide show, premiering online on Friday, February 26. Your photos can either be emailed to Sarah at the ECP site, sarahcaswell@nmsbvi.k12.nm.us... or texted to your teachers. Please note that by sending us your photos, you agree for us to post those photos online (on the school's website & social media for the public to see); these photos may also be used in upcoming NMSBVI projects including the school's yearbook and other materials (print and digital) promoting NMSBVI. In advance, thank you so much for photo-documenting your student's daily school activities; we look forward to celebrating their accomplishments thru our upcoming slideshows and the school's yearbook, too!
