

THIRD GRADE SCIENCE WORDS

Definitions can be found in the Glossary of your science book.

adaptation	kilogram
air	landform
amber	loam
amphibian	mammal
bulb	metamorphic
camouflage	metamorphosis
carnivore	migrate
cell	mineral
chloroplast	mountain
community	omnivore
conifer	oxygen
conserve	plain
consumer	planet
cutting	pollution
desert	precipitation
development	recycle
distance	reptile
earthquake	rock
endangered	sedimentary
energy	speed
environment	spore
erosion	system
evaporate	temperature
experiment	tornado
extinct	weather
force	wind
fuel	
germinate	
glacier	
habitat	
herbivore	
heredity	
hibernate	
humus	
hurricane	
igneous
