ETHS Football 2022

As the Tiger's football season comes to a close, Coach Adam Smith reflected on this season. "Our players faced a lot of adversity this season in the form of injuries and losses. The Ethel Tigers never quit and worked hard the entire season. I feel blessed to have had the opportunity to coach this team. They achieved a winning record (6-5) for the second year in a row and put up big numbers." When asked how he is going to improve next year, Coach Smith is very optimistic because "there are a lot of young guys that got some quality reps this year. We plan to use the experience our younger players got this year along with our off season program to build and prepare for the 2023 season." Coach Smith's advice for the senior football players is "let your 'never say die' attitude you have shown this season push you through any adversity you experience in life! Remember, the measure of a man is not how he responds when things are good. The measure of a man is determined by how he responds when he falls!"
