Catching Someone Being Kind

Haleigh Hutchinson

1. **What inspired you to always be kind to everyone?** I feel like you should show kindness because you never know what someone is going through and sometimes even the smallest gesture could totally change a persons day. I feel like the Lord calls us to be kind to others because of the kindness he showed us and it's a small price to us to show a bright side to someone not having such a bright day.
2. **What made you love everyone around you like you do?** Being around others who have shown love towards me has helped me to be a better person and show love to others. Loving others could help people who may not feel loved and being there for them when no one else is at the right time, truly is from God. God showed us how to love when he died on the cross because of his love for us we have the chance for eternal love.
3. **Who is your role model to be kind?** Many people have made me the person I am today but my mother is one of the biggest. Each day she selflessly shows kindness to others no matter the situation and I believe that's one of her callings in life is to be there for others when they need it. Each day I strive to be more kind like her because there's no limit to kindness.
4. **What encourages you to have a better day?** Knowing people are looking up to me and knowing people see me I want to create an image that everyone can see Gods kindness through me. I strive everyday to be a light for those who are lost in the darkness and need an abundant light and that is Jesus. I want to be a light for Him so people can be found!
5. **What's your motivation?** My motivation is knowing that doing what the lord has called me to do and being kind even when I don't feel like it sometimes is getting me ready for the many challenges the devil will throw me in life. In Ephesians 4:29 it says "Let no corrupting talk come out of your mouths, but only such as is good for building up, as fits the occasion, that it may give grace to those who hear." I want my words to build others up so that if they ever need someone to listen and help them I can! When I see people talking to me about things and their life being changed from it, is truly amazing!
