## **Coach Wood**

### **Meet the Staff: Coach Wood**

A new member of Ethel High School's coaching staff is Coach Wood. He chose to come to Ethel to make an impact on the students from the same school he graduated from. He plans to make an impact on his players by pushing them to become the best they can be on the field and off the field. He wants to teach the players not only football but also quality life skills and lessons to help them in their future.

Coach Wood's inspiration for coaching is his father. He says that seeing the influence his father made on his players motivated him in his career choice. He believes that Ethel is a great small town environment with great kids. When asked of his opinions of Ethel, Coach Wood replied, "The students love to work hard and are a joy to be around everyday." In his leisure time, he enjoys hunting and fishing as well as playing and watching football and baseball.

# VARSITY VOLLEYBALL

Player of the  
week:

Karlee Barrett

"My favorite part of playing volleyball is how competitive and fun the game is, even during practice. We all work hard and compete with each other to earn the positions we have. I see myself helping the team this year by encouraging my teammates and helping the younger players improve.

A good teammate is someone who always has a positive attitude, motivates others, and is really easy to get along with. Playing with girls who all get along and work together well is an important part of being successful."

- KARLEE BARRETT

## Upcoming Games:

## PLAYER OF THE WEEK: LANE TUBBY

"Lane Tubby is one of our 8th grade football players, and he has greatly improved over the last year. We played our first game last night 8/29/22 against Noxapater and had to cut it short for lightning. This resulted in us losing 18-14. However, the team played really well and Lane was a big part of us moving the ball successfully and scoring touchdowns." - Coach Smith
