PARENT REMINDER

State law requires that a physical exam be done on entry into school and again during elementary school. This second required physical exam is done during 3rd grade in the Barnstable Public Schools. According to our records, your child's 3rd grade physical is now due. If your private physician has already examined your child, please send a copy of the exam to the health office. If your child has not had his/her exam, please call the health office at 505-790-6495 to inform us of your scheduled exam date. Please disregard this notice if your child has had a physical and a copy of it has been sent to the health office.

Sincerely,

Ann Marie Melley RN
School Nurse
508 790-6495
