## Welcome to Third Grade!

We are so excited to welcome you to third grade this year! We know that this year will look a little different. There is a good chance that students will be working at home on some days, so we have created a list of supplies that each student should have at their fingertips while learning at home and a list of things that they will keep at school. During the first few weeks of school, we will work with students to set up their binders, at home routines, and workspaces. We will spend time at the beginning of the year teaching how to use the different websites and online tools that students will use to complete their work. Like every year, we will also spend a lot of time getting to know each other and building our classroom community! We can't wait to see all of our students soon!

## Teacher Wish List

These are supplies that we often run out of during the year. Anything that you could send would be greatly appreciated!

- Colored copy paper (for newsletters)
- Thin black dry erase markers (The kids LOVE to use these!!!)
- Extra pencils
- Gallon and quart Ziplock bags
