

# THOA, Inc. (supporting Health Science Educators since 1974)

---

## Welcome to the THOA website and mobile App

We are so glad you are a part of THOA and our long history of supporting CTE teachers in the classroom and beyond. Our team of Health Science Educators from around the state make up the THOA, Inc. Board of Directors. We designed this conference with your input and your needs in mind so you can be successful in the classroom and in your career.

To join THOA as a Professional Member, go to [www.thoainc.org](http://www.thoainc.org) and click on membership. We have an exciting addition to our membership. You will get a complimentary membership to the National Consortium for Health Science Educators (NCHSE) along with the THOA membership for just \$75 a year. Your THOA membership will include:

- THOA Lesson Plan Google Drive access
- THOA Thursday webinars
- NCHSE membership and lesson plans

- NCHSE Webinar Wednesdays
- THOA mentoring program for new teachers (or anyone teaching a new prep)
- Area meetings and events for professional members only
- Opportunity for recognition for teachers and student scholarships

We are also bringing back the Professional Educator Liability Insurance for only \$50 per year. The insurance policy is prepared for Health Science teachers who are taking students off campus, working with medical devices and technologies, traveling with students for clinical rotations or HOSA competition and leadership conferences. Plan to buy your insurance at the conference. The coverage begins August 1<sup>st</sup> of each year.

If you have any questions, anyone on the THOA board of directors is happy to assist you. The contact page for your area director or any of the executive team is available at [www.thoainc.org](http://www.thoainc.org).

We are so happy to have you back for another year of teaching and leading the way in the promotion of a healthier and better prepared Health Science student!! Thank you for ALL you do!!

# Texas Health Occupations Association
