

## **WIDA ACCESS Test Results for American Indian/Alaska Native Students**

Dear Parent or Guardian,

We are honored to provide Title III supplemental language and literacy services for your child. Each year, students in Title III programs take the WIDA ACCESS language and literacy assessment.

With this letter is an Individual Student Report. This report provides information about test results for your child. This information is for you to review and keep as you see necessary.

Teachers in our school use this information to monitor the progress your child is making and help them make decisions about language and literacy instruction for your child. The test can also provide information on what skills you can practice with your child at home.

For students to demonstrate proficiency and exit from Title III services in Washington state, they must reach these levels:

<b>WIDA ACCESS</b>	<b>Overall</b>
For grades K-1, to exit services, students must score:	4.0
For grades 2-12, to exit services, students must score:	4.7
For grades 3-12, students who score a 3 or 4 on the Smarter Balanced English Language Arts test can also exit services if they score:	4.3-4.6

Please contact me if you have questions about the ACCESS test or your child's results. You might want to know:

- How do teachers use test results?
- What are the language and literacy goals for my child?
- What else does my child learn in school?
- What other supports are offered through Title III services?
