Found Object Color Wheel

A color wheel shows how colors relate to each other, just like a family.

What are the 3 **PRIMARY** colors?

what are the 3 SECONDART color?

Orange, Green, & Purple

The last 6 colors are called the **Tertiary** colors. **Ex. Yellow-Gre** 12 **Blue-Green, Red-Violet E.T.C.**

1.11月の上午当日とし、「「「「「「「」」」、「「」「「」」

A found object is anything you can find around your house.

Can you look around and make a list of <u>eight</u> different colorful objects you see?

Student Examples 📀

Instructions: I can work with my family to create a color wheel using found objects.

My color wheel can include the 6 rainbow colors. OR My color wheel can include all 12 of the primary, secondary & tertiary colors.
