

# Directions:

1. Create a Twitter profile for a person or concept including a username, image, tweets, following, and followers. You may need to add text boxes with this information.
2. Create 3 hashtags for what may be trending in that time period.
3. List 3 other people or concepts that should be followed by the individual you chose.
4. Create a tweet (no more than 280 characters) that describes an event the person or concept experienced with 1-3 relevant and appropriate hashtags
