# PHOTOGRAPHY CLUB

## **UNUSUAL ANGLES**

### Worms Eye View

- Put your camera close to the ground, and point it upwards.
- You can make more interesting photos of 'boring' things by shooting from low perspectives or angles.

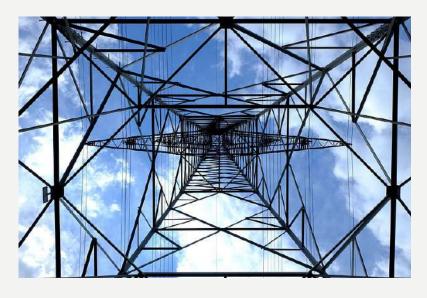

### Birds Eye View

- Put your camera high in the air, and point it downwards.
- You can make more interesting photos of 'boring' things by shooting from high perspectives or angles.

Use the examples to inspire you.

# **WORMS EYE VIEW**

# **BIRDS EYE VIEW**

# **UPLOAD YOU PHOTOS**

- In the Teams Group there is a folder for each weeks mini project
- You can upload your favorite photos here if you want to share them with the group.
