Telling Time to 5-Minute Intervals

Show what you know about telling time with this worksheet.

tinyurl.com/ya6cbafw

Seesaw Mapping Activity

Think about the street you live on. Draw a map using street names, houses, trees to show your environment. Your teacher will assign this on Seesaw.

Use what you know to solve the word problem. Show your thinking by drawing a picture, using the number line, and writing a number model. Your teacher will assign this on Seesaw.

Real Life/Outdoor Activity:

Go on a scavenger hunt outside. Find as many items as you can that are red, orange, green and red. Make a graph on your driveway using chalk or sticks and place the items on it. (You may also search for any items in nature that you wish to graph.)

Which item has the most? Which item has the least? What is the difference between the two? Choose two items from the graph, what is their sum? How many items did you find in all?

Mystery Number

My ones digit is one more than my tens digit. My hundreds digit is one less than my tens digit. My ones digit is three. What am I?

LEARNING MENU LITERACY

GRADE 2

🚖 = EVERYDAY ITEMS

1

★ (Three times this week) Read to self or a family member for 20 minutes or more. 2

Listen to the story <u>Keep the</u> <u>Light Burning, Abbie!</u>

Build or design your own lighthouse.

Writing Prompt:

Listen to the story "One Morning In Maine" read aloud:

Write about your favorite day...

Writing Paper

Writing Prompt

Maine State Flag video

Research the Maine flag. Now that Maine is 200 years old and we are celebrating the bicentennial, it could be time to design a new flag for our state. What things would your flag include and why are they important to Maine?
