

NCSE National Center for
Science Education

Using Evidence to Resolve Scientific Misconceptions

Thursday, June 22, 9:00 - 5:00
at Vanderbilt University

A hands-on professional development for high school science teachers.

- Learn about NCSE's misconception-based, no-conflict approach to climate change and evolution education.
- Experience NCSE's open-access climate change and evolution lesson sets from a student perspective and discuss applications of the lessons in the classroom.
- Gain access to NCSE's nationwide community of practice for ongoing support.

Attendees will receive a \$150 stipend. Use link or QR code to register:
