

Email Question (1) Oct. 7, 2021

Hi Jay,

I'm reading through the specifications on the RFP and would like to confirm, are you requiring all bids be for SMART only or open to other manufacturers?

Thank you,

Noah Bergman

Noah,

As stated in the bid specifications, our preference is SMART or its equivalent as long as it meets all specifications were open to other manufacturers.

Subject: Interactive Flat Panel bid

To: Jeff Eubanks <jeubanks@spanola.net>, Jay Sandlin <jsandlin@spanola.net>

Hi Jeff and Jay — On the bid proposal that was just released, a Certificate of Responsibility Number is required to be marked on the outside of the bid envelope. This certificate is for services performed by a contractor. Since the bid is split into 2 sections:

- 1) providing flat panel TVs
- 2) installing flat panels TVs

Would the bidder need to provide the Certificate of Responsibility for simply providing (option 1 of the bid).

Sincerely,

Mike

No

Email Question (3) Oct. 12, 2021

Thomas Farrukh <thomas@onescreensolutions.com> Tue, Oct 12, 2021 at 7:00 AM
To: jEubanks@spanola.net
Good Morning Jeff,

Regarding the opportunity mentioned above, is a performance bond required if the reseller only submits a proposal for Option 1?

I look forward to your response.

Hello Jeff –

I noticed on this bid, the district didn't include any cables for connecting the panels to a particular source. Since the display comes with a 15' USB B to A(male) cable, we usually sell a 15' HMDI for the input device. IS this something that needs to be changed or disregarded?

Also, will the installing contractor need to provide this cable or just simply take panels to specific rooms and mount on the wall at desired height?

Thanks for you time and attention!

Trey McGregor, CTS - Sales

Thanks for the quick reply Jeff! Also just to confirm I am reading this right, the panels will be delivered to the specific campus by the vendor and stored until installation?

Jeff Eubanks
